

**GOVERNMENT OF INDIA
MINISTRY OF POWER
LOK SABHA
UNSTARRED QUESTION NO.787
ANSWERED ON 02.12.2021**

SUPPLY DISRUPTIONS AND POWER CUTS

**787. SHRI CHANDRA SEKHAR SAHU:
SHRI GIRISH BHALCHANDRA BAPAT:
SHRI RAHUL RAMESH SHEWALE:
DR. PRITAM GOPINATHRAO MUNDE:**

**Will the Minister of POWER
be pleased to state:**

- (a) whether a surge in power demand combined with a fall in imports due to high global coal prices have led to supply disruptions and power cuts;**
- (b) if so, whether the supply disruptions and power cuts lasting up to 14 hours a day despite record supplies from State-run Coal India Limited (CIL);**
- (c) if so, the details of the coal supplies by CIL during 2021 so far as compared to corresponding period of previous year to various power plants;**
- (d) the details of power generation during the above period, plant-wise;**
- (e) whether the Union Government proposes to maintain strategic reserves of natural gas and imported coal to address future supply shocks, if so, the details thereof; and**
- (f) the time by which the final decision will be taken in this regard?**

A N S W E R

THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) to (c) : The country was able to meet the surge in peak demand which went upto a record 200.5 (GW) during April-October, 2021 against the peak demand of 176.4 GW during the corresponding period of last year, an increase of about 14%. During April-October, 2021, about 817.8 Billion Units (BUs) energy was supplied against the requirement of about 821.7 BU, a shortfall of only 0.47% which was due to constraints in distribution network and financial constraints of discoms.

The coal despatched to power sector by Coal India Limited (CIL) during April-October, 2021 was about 292 MT as against about 238 MT during the corresponding period of last year, an increase of 22.7%. The reduction in import of coal did not affect the generation as the requirement was met from domestic sources. During April-October, 2021, the coal based generation in the country increased by about 16% as compared to the corresponding period of last year.

(d): The details of plant-wise generation during April-October, 2021 are given at Annexure.

(e) & (f): As per the present Import Policy, coal and gas are under Open General License and can be freely imported by the power utilities themselves considering their need based on their commercial prudence. Further, the Government has issued the revised coal stocking norms which mandates the power plants to maintain sufficient stock at all times to meet any contingent situation.

**ANNEXURE REFERRED TO IN REPLY TO PART (d) OF UNSTARRED QUESTION NO. 787
ANSWERED IN THE LOK SABHA ON 02.12.2021**

Details of plant-wise generation during April-October, 2021
