**ANSWER**

MINISTER OF STATE IN THE MINISTRY OF JAL SHAKTI  
(SHRI PRAHLAD SINGH PATEL)

(a) & (b) Department of Drinking Water and Sanitation (DDWS) has conducted periodic surveys to ascertain the ground situation of sanitation in rural areas. It has conducted three rounds of National Annual Rural Sanitation Survey (NARSS) from 2017-18 to 2019-20 through an independent verification agency. Each round of NARSS covered 92,040 households in 6136 villages across States and UTs of India. DDWS has also conducted two rounds of Swachh Survekshan Grameen (SSG) in 2018 and 2019 to rank States and districts based on their performance on key quantitative and qualitative sanitation parameters. As per the results of NARSS 2019-20, State/UT-wise details of percentage of population who were having access to toilet, percentage of villages which were sustaining ODF status and percentage of population having some arrangements for solid and liquid waste management (SLWM), are given at **Annexure-1**.

(c) to (f) SBM (G) is a demand driven scheme. State Governments project their annual requirement of funds in their Annual Implementation Plans (AIP) consolidating the requirements for all the districts in the State. The same are considered and approved by the National Scheme Sanctioning Committee of the SBM(G). The State/UT-wise details of projected requirement of funds submitted by the State Governments during the last three years are given at **Annexure-2**. And, the State/UT-wise and year-wise details of funds released during the said period are given at **Annexure-3**.
