

**GOVERNMENT OF INDIA
MINISTRY OF SKILL DEVELOPMENT AND ENTREPRENEURSHIP**

LOK SABHA

**UNSTARRED QUESTION NO.1991
TO BE ANSWERED ON 14.03.2022**

PLACEMENT IN SKILL INDIA MISSION

1991 DR. MOHAMMAD JAWED:

Will the Minister of SKILL DEVELOPMENT AND ENTREPRENEURSHIP be pleased to state:

- (a) the amount of funds allocated to the Skill India mission nationally since its inception till date state-wise, year wise;
- (b) the placement percentage attained across the country at an aggregate as well as state level and the Government's placement targets, year wise from inception till date;
- (c) the reasons for low placement rate of the programme;
- (d) the details of the Skill Centres located State-wise, including the number of such centres, enrolment rates across different training modules, placement rates, and other functional details;
- (e) whether the Government has evaluated how the focus on short-term skill courses under the Recognition of Prior Learning (RPL) programme has led to a high number of certifications but low employment rate under the scheme;
- (f) if so, the details thereof and if not, the reasons therefor?

ANSWER

**MINISTER OF STATE IN THE MINISTRY OF
SKILL DEVELOPMENT AND ENTREPRENEURSHIP
(SHRI RAJEEV CHANDRASEKHAR)**

(a) Under Skill India Mission, the Ministry of Skill Development (MSDE) has been delivering short term skills through Pradhan Mantri Kaushal Vikas Yojana (PMKVY), Jan Shikshan Sansthan (JSS) Scheme and National Apprenticeship Promotion Scheme (NAPS), and long term skills through Craftsman Training Scheme (CTS) through Industrial Training Institutes (ITIs), to all section of the society across all over India. Since 2015, a comprehensive Skill India network has been created viz PMKVY 1.0, PMKVY 2.0 and PMKVY 3.0 training centres (including Pradhan Mantri Kaushal) (30,100), Jan Shikshan Sansthan (304), Industrial Training Institutes (ITIs) (14722) and through various registered enterprises (1,43,444) in NAPS scheme and trained more than 351 lakh candidates. Funds allocated by Ministry of Skill Development and Entrepreneurship (MSDE) for Skill India Mission during the last five (5) years stands at Rs. 14,211.84 crore. As per details available in respect of 11 major Ministries/Departments an amount of more than Rs 12,850 crore has been allocated during last 5 years. The fund allocation in the Ministry is made scheme wise and not state-wise. The details of fund allocated to the Skill India Mission under MSDE year wise during last five years is attached at **Annexure-I**. The 11 major Ministries/Departments are those of Micro, Small & Medium Enterprises (MSME), Rural Development (RD), Housing & Urban Affairs (H&UA), Social Justice & Empowerment (SJ&E), Textiles, Youth Affairs & Sports, Tourism, (D/o) Promotion of Industry and Internal Trade, Mines, (D/o) Animal Husbandry, Dairying & Fisheries and (D/o) Public Enterprise.

(b) **PMKVY:** Placement percentage attained across the country at an aggregate as well as state level under PMKVY is attached at **Annexure II (1-2)**. As per the Third Party Evaluation Report on PMKVY 2.0 (2016-20), it was found that average monthly income of PMKVY trained and certified individuals was 15% higher than the comparison group. Moreover, 76% of the candidates acknowledged that after the training, they have better chance of getting employment.

JSS: The objective of training imparted under JSS is to link the individuals for gainfullivelihood and supplement their family income through self-employment and wageemployment. The providing of employment/placement to the beneficiaries is not themandate of the JSS Scheme. As far as the employment of the JSS schemebeneficiaries is concerned, third party evaluation report of the scheme has mentioned, "It is finally observed that as an impact of the training programme conductedat JSSs, the self and wage employment and private job have become evident". Theusefulness of the scheme would be further self-evident from the fact that same reporthas mentioned that 77.05% of the beneficiary trainees have under gone occupationalshifts.

ITIs: The final report of Tracer Study of ITI Graduates (published in January 2018 bythe Ministry of Skill Development & Entrepreneurship, GoI) mentions that 63.5% of totalITI pass-outs got employed (wage+ self, out of which 6.7% are self-employed) and36.4% remained unemployed and was looking for jobs.

NAPS:Since, NAPS is an apprenticeship related scheme, no placement is tracked.

(c) NITI Aayog has done a quick assessment study of the PMKVY 2.0. The report of NITI Aayog highlighted a mismatch between industry requirement and candidate expectation. In addition, National Skill Development Corporation (NSDC), an implementing agency of PMKVY, has also engaged a third-party agency, Sambodhi Research and Communications Pvt. Ltd., for the impact evaluation of PMKVY 2.0. This report highlighted about 15% increase in average monthly salary under STT and 19% under RPL. Under RPL, 70% participants reported for better chance of finding employment. This report also suggested for stronger role of State Skill Development Missions (SSDMs) for better implementation of scheme. Based on the above said studies and learning from the implementation of PMKVY 2.0, Ministry has launched a modified version of PMKVY, i.e., PMKVY 3.0 on 15.01.2021 with a demand-driven and bottom-up approach. The Placement of skilled persons cannot be captured in a single measure since not every skilled person goes for new employment. They may be already employed or self-employed and may be undergoing training for skill up gradation for a betterment in terms of income prospects.

(d) The details of the Skills centers State-wise, including the number of such centers is attached at **Annexure III**. Enrolment and Placement details including all the training modules under PMKVY is attached at **Annexure IV**. For JSS, NAPS, ITIs details of enrolled candidates are attached at **Annexure V,VI and VII** respectively. The placement details under JSS, NAPS and ITIs are mentioned at part (b) above.

(e) & (f) Under PMKVY, Recognition of Prior Learning (RPL)is a skill certification component to enable Indian youth to obtain industry relevant skill certification of their existing skills so as to help them to secure a better livelihood. Individuals with prior learning experience or skills register themselves and get assessed and certified under the RPL. Since RPL involves the process of certification of skills already existing in workers, it (RPL) is not linked with placements; the workers are presumed to be employed already.
