MINISTER OF STATE IN THE MINISTRY OF JAL SHAKTI

(a), (b) & (d) Since August 2019, Government of India in partnership with States, is implementing Jal Jeevan Mission (JJM) – Har Ghar Jal to make provision of tap water supply to every rural household by 2024. At the time of announcement of Jal Jeevan Mission, 3.24 Crore (17%) households were reported to have tap water connections. Since then, tap water connections have been provided to additional 5.96 Crore (30.83%) rural households. Thus, as of 14.03.2022, out of 19.32 Crore rural households in the country, provision of tap water supply has been made to 9.19 Crore (47.58%) households. The State/ UT-wise details of rural households (including ranking) with provision of tap water supply, including that of Karnataka, is in public domain on JJM Dashboard and can be accessed at:

For online monitoring, JJM–Integrated Management Information System (IMIS) and JJM–Dashboard have been put in place. Provision has also been made for transparent online financial management through Public Financial Management System (PFMS).
