ANSWER

**MINISTER OF RAILWAYS, COMMUNICATIONS AND
ELECTRONICS & INFORMATION TECHNOLOGY**

(SHRI ASHWINI VAISHNAW)

(a): There are 209 manned level crossings (LCs) and no unmanned level crossings (UMLCs) in Chhattisgarh.

(b): 67 ROBs & 159 RUBs have been constructed by Railways in Chhattisgarh.

(c) & (d): Work on 86 Nos. ROBs/RUBs is in progress. It is not feasible to fix timelines for completion of these ROBs/RUBs as construction of ROBs/RUBs depends upon the consent of State Government for closure of LCs and cost sharing, wherever applicable, availability of encroachment free land for approach roads, technical feasibility, shifting of utilities, allocation of adequate funds by State agencies, public support etc.

ROBs and RUBs are being proposed and constructed based on density of road and rail traffic at LC gates, consent of cost sharing by State Govt., sanction and execution of works on the approaches by State Government including making available land and shifting of utilities etc. As such it is not feasible to provide list of proposed construction works at this stage.

(e): The work of ROB in lieu of LC No. 337 in Champa yard, Railway portion has been completed in August'2021 by Railway. The work on approaches is being executed by State Government.
