- (d) whether the Government is aware of any shortage of vaccination in the country which is likely to hinder the achievement of vaccination for all; and
- (e) if so, the details thereof along with the action taken thereon?

ANSWER

**THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY WELFARE
(DR. BHARATI PRAVIN PAWAR)**

(a) to (e): India is not a member of G-7 countries and India has not received any COVID-19 vaccine doses from G-7 countries and North Atlantic Treaty Organisation (NATO) member countries.

India has enough vaccine available in the country to cover all eligible beneficiaries and adequate Covid-19 vaccine doses are made available to all States/UTs to vaccinate all eligible beneficiaries with 1st dose, 2nd dose and precaution dose.
