MINISTRY OF HEALTH AND FAMILY WELFARE
DEPARTMENT OF HEALTH AND FAMILY WELFARE**

**LOK SABHA
UNSTARRED QUESTION NO. 623
TO BE ANSWERED ON 04.02.2022**

HEALTHCARE FACILITIES IN RURAL, BACKWARD AND HILLY AREAS

**623. DR. NISHIKANT DUBEY:
SHRI CHHATAR SINGH DARBAR:
SHRI MANSUKHBHAI DHANJIBHAI VASAVA:**

Will the Minister of HEALTH & FAMILY WELFARE be pleased to state:

- (a) whether the Government has conducted any survey to ascertain the healthcare facilities in rural, backward, tribal and hilly areas of the country including Madhya Pradesh, Gujarat and Jharkhand;
- (b) if so, the details and the fundings thereof along with necessary corrective steps taken thereon, State/UT wise;
- (c) whether the Government proposes to provide advance medical facilities and to construct super speciality hospitals in such areas of the country and if so, the details thereof;
- (d) the details of centrally sponsored health projects/ schemes being implemented in the country, State/UT-wise; and
- (e) the details of allocation and utilization of funds and targets achieved under each such project/scheme during the last three years?

ANSWER

**THE MINISTER OF STATE IN THE MINISTRY OF HEALTH & FAMILY
WELFARE
(DR. BHARATI PRAVIN PAWAR)**

(a) to (e): The status of availability of health care facilities in rural areas including tribal areas are compiled based on information received from States/UTs every year and is published as Rural Health Statistics. The status of availability of rural health infrastructure, including for the states of Madhya Pradesh, Gujarat and Jharkhand is given at **Annexure I**.

Public Health & Hospitals is a State subject, the primary responsibility for ensuring the availability of healthcare facilities lies with respective State/UT Government. Further, the Ministry of Health and Family Welfare (MoHFW), Government of India provides financial and technical support to the States/UTs under various health schemes/projects for

strengthening the healthcare facilities for provision of equitable, affordable healthcare to all citizens based on the requirements posed by the States/UTs in their Programme Implementation Plans (PIPs). Further, as on date, establishment of 22 AIIMS and 75 upgradation projects of GMCs/Institutes have been sanctioned, out of which 6 AIIMS are fully functional. Support is also envisaged to the States for construction of Critical Care Blocks (CCBs) at district level. These CCBs are envisaged to have advanced medical facilities. However, construction of super specialty hospitals in such areas lies in the domain of the respective State Government.

The details regarding allocation and utilization of funds under various Centrally Sponsored Schemes (CSS), implemented by MoHFW in the country during the last three years is given at **Annexure-II**.

The effects of the innovative policies and programmes of MoHFW, Government of India for the inclusive growth of its population and the efficient implementation at the grass-root level are evident from the findings of NFHS-5 (2019-21). The Total Fertility Rate (TFR) of the country has reached below the replacement level of fertility. The contraception prevalence rate, antenatal care coverage, institutional deliveries, immunisation coverage have increased since the last round of NFHS (2015-16). Further, the infant and child mortality rates, unmet need for family planning and child malnutrition indicators, etc. have also declined compared to NFHS-4 estimates.

Annexure-I

NUMBER OF SUB-CENTRES, PHCs, CHCs FUNCTIONING IN RURAL AREAS (Including TRIBAL)				
S. No.	State/UT	(As on 31st March 2020)
