ANSWER

**MINISTER OF RAILWAYS, COMMUNICATIONS AND
ELECTRONICS & INFORMATION TECHNOLOGY**

(SHRI ASHWINI VAISHNAW)

(a) and (b): The One Station One Product policy issued vide Commercial Circular 12 of 2022 envisages showcasing, selling and giving high visibility to indigenous/local level products. Products shall be identified at field level by the Railways under guidelines issued under the Policy.

.....2/-

The identified products include handicraft/artefacts, textiles and handlooms, traditional garments, local agricultural produce/processed/semi processed foods. Items with Geographical Indications (GI) tag would be preferred.

One or more products may be identified for a particular station. Currently the One Station One Product Scheme is operational at 537 stations on Pilot basis. The list of products being sold at these stations along with those in the state of Gujarat is appended

(c) and (d): 'One Station One Product' (OSOP) scheme is an independent scheme of Ministry of Railways with the objective to promote 'Vocal for Local' vision of the Government of India, provide a market for indigenous product and opportunity to railway passengers to experience the rich heritage of India and to buy local/indigenous products. It is also envisaged to create additional income opportunities for the marginalized sections of society.

(e): The objective of this scheme is to provide opportunities for enhanced livelihood through skill development to local artisans, potters, weavers/ handloom weavers, craftsmen etc, through provision of sale outlets at Railway Stations across the country. Further, it is envisaged to encourage individuals at the bottom of the pyramid, marginalised and weaker sections and self help groups under this scheme to meet the objective.

As such, allotment of OSOP outlets is to be done to all applicants who meet objectives of the scheme on rotation basis for a period of 15 days with only a nominal registration fee of ₹ 1000/-.

(f): A fund allocation to the tune of ₹ 308 Cr. (approx.) for 2022-23 has been done for fabrication of the One Station One Product sale outlets (stalls and trolleys) at stations over Indian Railways.
