#### ANSWER

#### THE MINISTER OF POWER AND NEW & RENEWABLE ENERGY

(SHRI R.K. SINGH)

(a) & (b): As per data provided by the power sector Generating companies, on the PRAAPTI Portal, total overdues of DISCOMs towards Central Power Generation Stations, Independent Power Producers (IPPs) and Renewable Energy (RE) Generators as on12.07.2022 are Rs.109948 Cr. The details are placed at Annexure.

(c) to (f): In wake of delays of payment by DISCOMs and payments arising out of Change in Law, a few Generating Companies have won cases against the DISCOMs in Supreme Court.

Recognizing the cash flow problems arising out of outstanding receivables of Generating Companies from DISCOMs and in order to increase basic payment discipline in the power sector value chain, sustenance of which has been matter of concern due to increasing receivables to Gencos, recently, Government of India promulgated Electricity (Late Payment Surcharge and Related Matters) Rules, 2022 on 3rd June, 2022. These rules entail obligations upon the DISOCMs to clear their legacy dues as existing on 03.06.2022 in a time bound phased manner in equated monthly installments with benefits of non applicability of late payment surcharge after 03.06.2022. These rules also provide framework for time bound clearance of current dues through establishment of a Payment Security Mechanism and disincentives of progressive withdrawal of open access as well as power regulations if the provisions of the Rules are not followed.

The Ministry of Power has also relaxed the Additional Prudential norms of PFC limited and REC limited to allow them to lend to the Utilities seeking financial assistance to clear their legacy dues in line with Rules above within the overall lending frameworks prevalent in the country.
