- (a): Yes, Sir. Census of India conducts survey of slums on decadal basis along with enumeration of population in the country. As per Census of India 2011, a total of 6.54 crore people are living in slums across the country in 1.39 crore households constituting 17.4% of the total urban population and 5.4% of the total population of the country.**

(b) & (c): Land and Colonisation are State subjects. Schemes related to development of slums and providing basic social and civic amenities are implemented by States/ Union Territories (UTs). Recently, AMRUT 2.0 and SBM 2.0 have been launched to make cities water secure and garbage free during the mission period.

(d) & (e): Based on the project proposals submitted by States/ UTs including development of slums under PMAY-U, so far more than 122 lakh houses have been sanctioned, out of which more than 102 lakh have been grounded and more than 61 lakh have been completed/ delivered to the beneficiaries. No fresh proposals are pending with this Ministry from across the country including Dadra & Nagar Haveli and Daman & Diu.
