ANSWER

THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY WELFARE

(DR. BHARATI PRAVIN PAWAR)

(a) to (f): The manufacture, sale and distribution of drugs in the country are regulated under the provisions of Drugs & Cosmetics Act, 1940 and Rules, 1945. The regulatory control over the manufacture, sale and distribution of drug in the country is exercised through a system of licensing and inspection by the State Licensing Authorities (SLAs) appointed by respective State Governments. The SLAs are legally empowered to take action in case of violation of the condition of Licence.
The Government has taken measures including strengthening of legal provisions, workshops and training programmes for manufacturers and regulatory officials and measures such as risk based inspection. As per the information received from various State/UTs Drugs Controllers, the enforcement actions carried out in terms of samples tested, number of drugs samples declared sub-standard and spurious/ adulterated during the last three years are as below:
