

**GOVERNMENT OF INDIA
MINISTRY OF SKILL DEVELOPMENT AND ENTREPRENEURSHIP**

LOK SABHA

**UNSTARRED QUESTION NO. 2339
TO BE ANSWERED ON 01.08.2022**

FINANCIAL SUPPORT TO IMPART SKILL DEVELOPMENT TRAINING

2339. SHRI ANURAG SHARMA:

Will the Minister of SKILL DEVELOPMENT AND ENTREPRENEURSHIP be pleased to state:

- (a) the details of the quantum of financial support and training facilities provided to impart skill development to the eligible groups in the country in the last 5 years, year/ State-wise;
- (b) the proactive measures taken by the Government to provide skill development with advanced and state of art technology tools as well as job roles suitable for the immediate future; and
- (c) whether the Government has taken any survey or research on the quantum of beneficiaries who got skill training and proper employment opportunities in the last 5 years, if so the details thereof State-wise?

ANSWER

**MINISTER OF STATE IN THE MINISTRY OF
SKILL DEVELOPMENT AND ENTREPRENEURSHIP
(SHRI RAJEEV CHANDRASEKHAR)**

(a) Under Skill India Mission, the Ministry of Skill Development and Entrepreneurship (MSDE) is delivering skill-training through a comprehensive network of skill development centres under various schemes viz. Pradhan Mantri Kaushal Vikas Yojana (PMKVY), National Apprenticeship Promotion Scheme (NAPS), Jan Shikshan Sansthan (JSS) and Craftsmen Training Scheme (CTS) through Industrial Training Institutes (ITIs) for the youth across the country. The State-wise list of number of people who got training under PMKVY, NAPS, JSS and CTS during the last five years viz. 2017-18, 2018-19, 2019-20, 2020-21 and 2021-22 is at Annexure-I, Annexure-II, Annexure-III and Annexure-IV respectively. The State-wise details of funds allocated under PMKVY, NAPS, JSS and CTS during the last five years is at Annexure-V, Annexure-VI, Annexure-VII and Annexure-VIII respectively. Setting up of Industrial Training Institutes (ITIs) and its operation are in the domain of respective State Governments. However, Central Government is providing financial assistance for establishment of ITIs in tribal dominated areas under two schemes namely "Skill Development in 47 Districts affected by LWE" and "Enhancing Skill Development Infrastructure in NE States".

(b) MSDE is striving to impart updated technology to the youth of India. Under the Advanced Vocational Training Course, ITIs conduct short duration, specialized and tailor made courses suiting to the specific requirements of industrial establishments for upgrading the skills of serving industrial workers. ITIs are constantly being upgraded and modernized in terms of their infrastructure, pedagogy, curriculum and technology interventions. Accordingly new age courses in IoT, Renewable Energy, Additive Manufacturing Technology (3-D Printing), Mechatronics, Drone Technology, etc. have been recently introduced. Further, with an objective to strengthen Industry connect and impart industry relevant training, the Dual System of Training (DST) model is introduced wherein these institutes are being encouraged to join hands with multiple industry partners for providing mandatory industrial exposure to the trainees during the course of their training.

(c) All schemes presently being run by MSDE have gone through third party evaluation exercise generally and also in particular, at the time of grant of extension of the respective schemes. Details of the evaluation of the Schemes implemented by MSDE are as under:

PMKVY: PMKVY 2.0 was evaluated by NITI Aayog in October 2020 under jobs and skills sector. The impact evaluation study draws inference of the scheme level contribution to the larger jobs and skills sector along with clear reflection of following strength and outcome achieved during implementation:

- The training provided under the scheme is relevant to the employers and they prefer candidates trained under PMKVY compared to untrained candidates.
- 52 percent of the candidates who were placed in full time/part time employment and had completed training under the RPL component received higher salary or felt that they will get higher salary compared to their peers who have no certification.
- About 94 percent of the employers surveyed reported that they would hire more candidates trained under the scheme.
- About 67 percent and 18 percent of the employers surveyed reported that the overall experience with respect to the recruitment process was good and very good, respectively.

Further, third-party impact evaluation of the scheme PMKVY 2.0 (2016-20) was conducted by the Indian Institute of Public Administration (IIPA). The impact evaluation study draws following inference:

- The maximum percentage of beneficiaries (70.5%) received placement in their desired skill sector.
- To ensure that high standards of quality are maintained by PMKVY Training Centres, NSDC and empanelled inspection agencies use various yardsticks. These involve validations, surprise visits, and monitoring through the Skill India Portal (SIP) (erstwhile Skills Development Management System (SDMS)). These standards are intensified using the latest technologies.
- As an impact of the scheme, 118.2% change in monthly wages of beneficiary trainees has been recognized. Average monthly remuneration/wages of surveyed beneficiaries increases from Rs. 8,422.64 to Rs. 17,871.26 post completion of training under PMKVY 2016-20.

JSS: Third-party impact evaluation of the scheme JSS was conducted by the Indian Institute of Public Administration (IIPA) & it was completed by July, 2020. As per the report, women representation is 79%; rural share is 50.5%; 73.4% change in the employment for enhanced livelihood; 89.1% change in the average income of each beneficiary; 85.7% mobilization of beneficiaries by JSS.

ITI: The final report of Tracer Study of ITI Graduates (published in January 2018 by the MSDE, GoI) mentions that 63.5% of total ITI pass-outs got employed (wage+ self, out of which 6.7% are self-employed) and 36.4% remained unemployed and was looking for jobs. Even though the first figure was low for females (55.3%) as compared to that for males (65.1%), the corresponding figures for SCs (65%) and STs (69.8%) were higher than the percentage of total pass-outs in (wage+ self) employed.

NAPS: Third-party impact evaluation of the scheme NAPS was conducted by the National Productivity Council (NPC). As per the report, NAPS has been able to catalyze interest of both industry and youths towards apprenticeship training and coupled with strong Govt. Support and policy advocacy, the scheme has started to pick up the pace. There is a positive vibe across establishments and huge demand for apprenticeship. The two main stakeholders, i.e., apprentice and the industry see benefits from the programme. The apprentice has found it to be useful to increase his/her chances of getting employment.
