ANSWER

THE MINISTER OF FISHERIES, ANIMAL HUSBANDRY AND DAIRYING
(SHRI PARSHOTTAM RUPALA)

(a) & (b) Department of Animal Husbandry and Dairying, Government of India is implementing National Livestock Mission (NLM) scheme and under NLM, there is a sub-mission named "Innovation and Extension", through which farmers of all strata including youth are trained on various Animal Husbandry activities. During the year 2021-22, 4882 farmers were trained in Chhattisgarh. No farmers were trained in Maharashtra and Rajasthan during the last three years and current year.

Further, under one of the components of Rashtriya Gokul Mission (RGM), educated rural youths are trained and inducted as Multi Purpose AI Technicians in Rural India (MAITRIs). Under this component, assistance is made available to MAITRIs for training and artificial insemination equipment. MAITRIs are playing important role in delivery of artificial insemination services at farmer's doorstep. Rashtriya Gokul Mission has been implemented throughout the country covering all the districts and so far 13586 MAITRIs have been inducted during the last three years and current year in States and Union Territories including Maharashtra, Chhattisgarh and Rajasthan. State-wise and District-wise details of MAITRIs established are at **Annexure-I** and **Annexure-II** respectively.

(c) The Government is imparting trainings for the youth under the MAITRI component of RGM scheme and "Innovation and Extension" component of NLM scheme. Under these components, trained farmers are eligible to get benefits of subsidies and loans.
