THE MINISTER OF AGRICULTURE AND FARMERS WELFARE

कृषि और किसान कल्याण मंत्री (SHRI NARENDRA SINGH TOMAR)

(a): During 2021-22, the export of agricultural and allied products from North Eastern States has been of about Rs. 1813.73 crore. The major agricultural and allied products exported from these states have been tea, cereal preparations, Dairy products, rice (other than basmati), ayush and herbal products, sesame seeds, spices, miscellaneous processed items, marine products and oil meals.

(b): The North East Region is one of the richest reservoirs of genetic variability and diversity of different crops i.e. various kinds of fruits, different vegetables, spices, ornamental plants and also medicinal and aromatic plants. The region offers scope for cultivation of a wide variety of horticultural crops because of its diversities in topography, altitude and climatic conditions. A range of fruit crops varying from highly temperate types like walnut, apple, etc., to subtropical as well as tropical fruits are coming up well in this region. Similarly, wide and diverse types of vegetables including indigenous ones are

cultivated in the region. Some commodities like Mizo chilli, King chilli, Dale chilli of Sikkim have high Capsaicin. Lakadong variety of Turmeric of Meghalaya is high in curcumin content, Kew variety of pineapple of Tripura has got GI tag etc. are particularly found in NER. All these products have high demand in International as well as domestic market.
