(b) & (c): The Government has taken steps to increase the share of MSMEs in the total Indian exports. Some of them are:

1. Setting of Export Facilitation Cells (EFCs)- The Ministry of Micro, Small and Medium Enterprises has developed a dedicated support system for export promotion from MSME Sector by establishing 52 Export Facilitation Cells (EFCs) in its field institutions namely MSME-Development and Facilitation Offices, MSME Technology Centres and MSME Testing Centres.

2. Developing Detailed Project Report (DPR) Bank for import substitution- To provide first hand support to MSMEs willing to set up/diversify their units to manufacture import substitution products, Office of DC(MSME) has prepared DPRs. In the first phase, forty five numbers of Detailed Project Reports have already been prepared especially for reducing the import of items reserved for exclusive procurement from MSEs. The DPRs have been hosted on the website of O/o DC- MSME.

4. Facilitation for Export Related Testing- The testing facilities available at MSME-Testing Centres, MSME-Testing Stations and MSME-Technology Centres are being augmented to match with mandatory export related requirements as per International, BIS and other National Standards. MSME-Testing Centres are NABL accredited also. The common facilities centres being set up under MSE-CDP have provision for creation of testing facilities. MSMEs are encouraged to utilize facilities available at these centres.
