(d) & (e): The promotion of exports of organic products is a continuous process. The Agricultural & Processed Food Products Export Development Authority (APEDA), an autonomous organisation under the administrative control of Department of Commerce, has been mandated with the export promotion of organic products in all the States/UTs of the country, including Chhattisgarh. APEDA provides assistance to the exporters of organic products under various components of its export promotion scheme. APEDA also undertakes various activities to promote exports of organic products viz. addition of new products under NPOP, making efforts to get NPOP standards recognized by the importing countries, promoting 'India Organic' brand through participation in international trade fairs and exhibitions, organising Buyer-Seller Meets (BSMs), organising capacity building and outreach programmes etc.
