ANSWER

**THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND FAMILY
WELFARE
(DR. BHARATI PRAVIN PAWAR)**

(a): National Health Mission (NHM) envisages achievement of universal access to equitable, affordable & quality health care services that are accountable and responsive to people's needs. NHM encompasses its two Sub-Missions, the National Rural Health Mission (NRHM) and the National Urban Health Mission (NUHM). The main programmatic components include Health System Strengthening in rural and urban areas, Reproductive-Maternal- Neonatal- Child and Adolescent Health (RMNCH+A) and Communicable and Non-Communicable Diseases.

Under National Health Mission (NHM), Ministry of Health & Family Welfare, Government of India provides financial and technical support to States/UTs including support for health/medical facilities, upto District Hospital level, based on the proposals submitted by States/UTs in their Program Implementation Plans (PIPs). Government of India provides approval for the proposals in the form of Record of Proceedings (RoPs) as per available resources.

(b): A Statement showing details of funds allocated, released and utilised in Rajasthan under National Health Mission (NHM) during the last three financial years and the current year i.e. from F.Y. 2019-20 to 2022-23 is at **Annexure-I**.

(c): Statements showing physical achievements and progress in Rajasthan under NHM as per NHM-MIS report (as on 31.03.2022) is at **Annexure-II**.

(d): The details of number of infrastructure projects sanctioned in Rajasthan in the FY 22-24 is at **Annexure-III**.

(e): As per the NHM - Framework of Implementation, the following steps are taken to achieve the goals:

- i) Flexible financing mechanisms
- ii) Communitization including decentralised planning, hospital management committees at all levels, untied grants to community/PRI bodies
- iii) Augmenting the functionality and accountability of the public health delivery system for the community
- iv) Efficient management of human resources
- v) Close monitoring and evaluation of services provided against carefully set standards
- vi) Intersectional convergence of health and related programmes from village level upwards
