**ANSWER**

**MINISTER IN THE MINISTRY OF CHEMICALS & FERTILIZERS  
(SHRI JAGAT PRAKASH NADDA)**

---

(a) to (d): A statement is laid on the Table of the House.

**Statement referred to in reply to the Lok Sabha Starred Question No. 64 (4<sup>th</sup> POSITION) for answer on 26.07.2024 raised by Shri Hanuman Beniwal and Shri Pradeep Kumar Singh regarding “Affordable Prices of Cancer Drugs”**

(a): As per the Indian Council of Medical Research (ICMR) - National Cancer Registry Programme (ICMR-NCRP), under the Ministry of Health & Family Welfare, the estimated number of incidence of cancer cases in the country for the year 2021 to 2024 is given below:

Year	2021	2022	2023	2024
Estimated incidence of cancer cases	14,26,447	14,61,427	14,96,972	15,33,055

(b) to (c): The National Pharmaceutical Pricing Authority (NPPA) under the Department of Pharmaceuticals (DoP) has fixed the ceiling prices of 131 anti-cancer scheduled formulations included in Scheduled-I of the Drugs (Prices Control) Order, 2013 (DPCO, 2013) under National List of Essential medicines (NLEM) 2015 and 2022. Of the 131 anti-cancer drugs for which ceiling prices were fixed, 120 formulations are under NLEM 2022. This has resulted in the reduction of around 20 percent in the ceiling prices from the existing ceiling price under NLEM, 2015 leading to annual savings of around Rs. 294 Crore to the patients. The list of 131 formulations along with their ceiling prices is at **Annexure I**. NPPA has also fixed retail price of 28 Anti-Cancer formulations as on 22.07.2024 which are applicable to the applicant manufacturing and marketing company.

NPPA vide order S.O. 1041 (E) dated 27<sup>th</sup> February, 2019, put a cap of 30% Trade Margin on 42 selected non-scheduled anti-cancer medicines under ‘Trade Margin Rationalization’ approach. By this approach, the Maximum Retail Price (MRP) of 526 brands of these medicines were reduced by average around 50 percent, resulting in annual savings of around Rs. 984 Crore to the patients. The details of revised prices are available on the website of the NPPA, i.e., [nppaindia.nic.in](http://nppaindia.nic.in).

The government ensures that the scheduled drugs for cancer are not sold above their ceiling price fixed by NPPA and non-scheduled drugs do not avail increase in MRP beyond 10 percent in preceding 12 months. DPCO, 2013 provide for deposition of overcharge amount by the manufacturers in case of default in implementing the provisions of this Order.

Further, under Pradhan Mantri Bhartiya Janaushadhi Pariyojana (PMBJP), quality medicine at affordable prices is offered to people. The price of Jan Aushadhi medicines are cheaper by at least by 50%, and in some cases, by 80% to 90% of the market price of branded medicines available in the market. 83 products for cancer treatment have been brought under the basket of drugs offered by Jan Aushadhi Kendras. The list of 83 products is at **Annexure II**.

In addition, support to cancer patients is also provided by Ministry of Health and Family Welfare (MoHFW). As per the information provided by MoHFW support is extended under following scheme/initiative:

- i. Ayushman Bharat Pradhan Mantri Jan Arogya Yojana (AB PM-JAY): provides treatment corresponding to a total of 1,949 procedures under 27 different specialties including oncology, nephrology, cardiology and general medicine, etc. Health Benefit Packages (HBP) covers all the costs related to treatment, including drugs, supplies, diagnostic services, physician's fees, room charges, surgeon charges, OT and ICU

charges, etc. Further, 37.76 lakhs hospital admissions amounting to Rs.7,130 crores have been authorized under the scheme for treatment related to cancer.

ii. Affordable Medicines and Reliable Implants for Treatment (AMRIT), an initiative launched by the MoHFW, aims to provide affordable medicines for treatment of cancer, cardiovascular and other diseases. AMRIT Pharmacies spread across 29 States/Union Territories, are selling more than 5,200 drugs (including cardiovascular, cancer, diabetes, stents, etc), implants, surgical disposables and other consumables at a significant discounts upto 50% on market rates.

(d): The DoP is implementing the Production Linked Incentive (PLI) Scheme for Pharmaceuticals with total financial outlay of Rs. 15,000 crore to enhance manufacturing of critical drugs in the country. The product categories covered under the scheme *inter alia* include anti-cancer drugs etc. The anti-cancer drugs approved under the scheme are given at **Annexure III**.
