ANSWER

THE MINISTER OF FISHERIES, ANIMAL HUSBANDRY AND DAIRYING
(SHRI RAJIV RANJAN SINGH ALIAS LALAN SINGH)

- a) As per the information received from Bureau of Indian Standards (BIS), National Dairy Development Board (NDDB) and available in this Department, 372 animal feed plants have been setup in the country. The details are annexed (Annexure I). Out of this, 139 projects have been funded by the Department of Animal Husbandry and Dairying under Animal Husbandry Infrastructure Development Fund for a total project cost of Rs. 2255.49 crores (Annexure-III).
- b) The details are given in Annexure II.
- c) There is no specific collaboration programme with Indian Startups that focus on sustainable animal feed production. However, this Department under the Entrepreneurship Development Programme (EDP) of National Livestock Mission and Animal Husbandry Infrastructure Development Fund (AHIDF) encourages entrepreneurs and eligible entities including startups to engage in sustainable feed production by providing financial assistance.

Under National Livestock Mission Scheme, private entrepreneurs and startups are eligible for the activities related to feed and fodder processing. The applicant is granted 50% capital subsidy upto Rs. 50.00 lakh for developing infrastructure related to feed and fodder, thereby contributing to sustainable animal feed production.

The eligible entities for AHIDF Scheme are individual entrepreneurs, private companies including startups, Farmer producers organizations (FPOs), MSMEs, Section 8 companies & dairy cooperatives. The projects under the AHIDF are eligible for loan upto 90% of the actual project cost with 3% interest subvention. The eligible entities including startups can take up various feed manufacturing activities such as 1) Establishment of mini, medium & large animal feed plants 2) Total mixed ration block making units 3) By pass protein units 4) Mineral Mixture units 5) Silage Making Units and 6) Manufacture of Feed Supplements.

- (d) Does not arise.
