

GOVERNMENT OF INDIA
MINISTRY OF JAL SHAKTI
DEPARTMENT OF DRINKING WATER & SANITATION

LOK SABHA
UNSTARRED QUESTION NO. – 2821
ANSWERED ON 08/08/2024

BENEFICIARIES UNDER JJM IN ANDHRA PRADESH

2821. SHRI KRISHNA PRASAD TENNETI

Will the Minister of JAL SHAKTI be pleased to state:

- (a) the details regarding the total number of eligible and actual beneficiaries of tap-water connections under the Jal Jeevan Mission (JJM) in the State of Andhra Pradesh during the last three years, year-wise and district-wise especially in Bapatla District;
- (b) whether the Government has conducted any study/assessment into the implementation of JJM and increasing the tap water connections under the same in Andhra Pradesh especially in Bapatla district;
- (c) if so, the details thereof along with the funds allocated/utilised for the same during the last three years, year-wise; and
- (d) whether the Government has conducted any promotional campaigns / activities in order to increase the number of beneficiaries under the JJM in Bapatla district and if so, the details thereof?

ANSWER

MINISTER OF STATE FOR JAL SHAKTI

(SHRI V. SOMANNA)

(a) Government of India is committed to the provision of safe and potable tap water supply in adequate quantity, of prescribed quality and on a regular & long-term basis to all rural households in the country. Towards this end, the Government of India launched the Jal Jeevan Mission (JJM), to be implemented in partnership with States including Andhra Pradesh, in August 2019. Significant progress has been made in the country since the launch of Jal Jeevan Mission, towards enhancing access to tap water to rural households. At the start of Jal Jeevan Mission in August 2019, only 3.23 crore rural households were reported to have tap water connections. So far, as reported by States/ UTs as on 05.08.2024, around 11.80 crore additional rural households have been provided with tap water connections under JJM. Thus, as on 05.08.2024, out of 19.32 crore rural households in the country, more than 15.04 crore (77.87%) rural households are reported to have tap water supply in their homes.

As reported by the State Government of Andhra Pradesh, at the time of launch of Jal Jeevan Mission in the State on 15.08.2019 approximately 30.74 lakh rural households had tap water connections. Since then, 39.39 lakh additional rural households have been provided with tap

water connections. Thus, as on 05.08.2024, the provision of tap water supply is available to more than 70.13 lakh (73.48%) rural households in Andhra Pradesh. The number of tap water connections provided to rural households under JJM during the last three years in Andhra Pradesh, district- wise including Bapatla district is **annexed**.

(b) Govt. of India has been regularly reviewing the implementation of Jal Jeevan Mission (JJM) with States/ UTs including Andhra Pradesh. Several meetings including conferences, workshops, review meetings through video conferences, field visits, etc. are held from time to time. Review meetings are conducted at the levels of Hon'ble Union Minister, Secretary to Govt. of India, Chief Secretary and Senior officers. During these reviews, States/ UTs are advised to expedite the implementation of JJM in the States/UTs. Further, as per operational guidelines for the implementation of JJM, a third-party functionality assessment is also carried out by the Government of India across the States/UTs. Reports are shared with the States/ UTs including Andhra Pradesh for taking corrective action, if any.

(c) Under JJM, funds are released directly to the States/ UTs and their district-wise fund details are not maintained at the Government of India level. The details of fund allocation, fund drawn and reported fund utilization during the last three years (2021-22, 2022-23 and 2023-24) under JJM, in the State of Andhra Pradesh is as under:

(Amount in Rs. Crore)

Year	Central					Expenditure under State share
	Opening Balance	Allocation	Fund Drawn	Available Fund	Reported utilization	
2021-22	146.65	3,182.88	791.06	937.71	234.93	235.39
2022-23	702.78	3,458.20	ND	702.78	305.08	98.75
2023-24	397.70	6,530.49	793.57	1,191.27	862.09	940.04

ND: Not drawn

(d) Water is a 'state' subject and therefore, the primary responsibility for planning and implementing piped water supply schemes to provide tap water to rural households, lies with the respective State/UT. Government of India supplements the efforts of the states by providing technical and financial assistance under JJM.

Apart from creating water infrastructure, JJM also aims at building capacities of different stakeholders especially local communities, responsible and responsive leadership to own, manage, operate and maintain in-village water supply systems. For this, JJM has made provision of up to 5% of annual allocation to the States as support activities fund. This fund is utilized by the States for various support activities which *inter-alia* includes IEC activities aimed at bringing positive behavioural changes among stakeholders with respect to judicious use of water, health and hygiene aspects. All the States/ UTs have been advised to promote IEC activities among stakeholders to make JJM a 'Jan Andolan'.

Annex

Annex referred in reply to part (a) of Lok Sabha unstarred Question No. 2821 for reply on 08.08.204
