

GOVERNMENT OF INDIA  
MINISTRY OF JAL SHAKTI

DEPARTMENT OF WATER RESOURCES, RIVER DEVELOPMENT & GANGA REJUVENATION

**LOK SABHA**

**UNSTARRED QUESTION NO. 487**

ANSWERED ON 25.07.2024

**RELEASE OF CAUVERY WATER TO TAMIL NADU**

487. SHRI RAJA A

Will the Minister of **JAL SHAKTI** be pleased to state:

- (a) whether the Government of Karnataka is blatantly violating the Cauvery Water Dispute Tribunal Award by not releasing specified quantum of Cauvery water to Tamil Nadu;
- (b) if so, the details thereof and the quantum of water as stipulated by the Tribunal and as released by Karnataka, during the last three years and the current year, month-wise;
- (c) whether Cauvery Water Management Authority also reiterated release of water as stipulated by CWDTA;
- (d) if so, the details thereof; and
- (e) the efforts made by the Union Government in getting the CWDTA order implemented and to mitigate the sufferings of the farmers in Tamil Nadu?

**ANSWER**

**THE MINISTER OF STATE FOR JAL SHAKTI**

(SHRI RAJ BHUSHAN CHOUDHARY)

**(a) & (b)** As per the Final Award of the Cauvery Water Disputes Tribunal (CWDT), as modified by the Hon'ble Supreme Court Order dated 16.02.2018, the total yield of the Cauvery River Basin has been determined to be about 740 TMC at 50% dependability. The final allocation of 740 TMC, as per the Final Award of CWDT, as per *ibid* court order is as follows:

S.No	States	Allocation
1.	Kerala	30.00 TMC
2.	Tamil Nadu	284.75 TMC
3.	Karnataka	404.25 TMC
4.	Puducherry	7.00 TMC
5.	Environment	10.00 TMC
6.	Inevitable escapages to sea	4.00 TMC
	<b>Total</b>	<b>740.00 TMC</b>

TMC = Thousand Million Cubic Feet

Further, as per the Final Award of CWDT, as modified by the Hon'ble Supreme Court Order dated 16.02.2018, the State of Karnataka would be required to release 177.25 TMC of water, to be measured at the *inter-state* border with Tamil Nadu, *i.e.*, at Biligundulu (CWC G&D site).

In the Tribunal report, it has been categorically mentioned that, in case the yield of Cauvery Basin is less in a distress year, the allocated shares shall be proportionately reduced amongst the States of Kerala, Karnataka, Tamil Nadu and Union Territory (UT) of Puducherry and for which the Regulatory Authority will be empowered to do so.

As per this order, the monthly/seasonal flows actually observed at Biligundulu (the inter-state contact point between the State of Karnataka and the State of Tamil Nadu) *vis-a-vis* the stipulated flows to be made available in a normal Water Year (i.e. from 01st June to 31st May) during the last three years is at **Annexure**.

**(c) to (e)** Regular meetings of Cauvery Water Regulation Committee (CWRC) and Cauvery Water Management Authority (CWMA) are held wherein the Hydro-meteorological conditions in the Cauvery basin and the quantum of flows to be ensured at Biligundulu, are deliberated in detail and decision taken in consultation with all the party member States & U.T.

In the 99<sup>th</sup> meeting of CWRC held on 11<sup>th</sup> July 2024, the Regulation Committee after detailed deliberations, keeping in view the combined storage position, as on date in the four designated reservoirs in the State of Karnataka, rainfall situation & forecast of the rainfall activity during the next fortnight provided by the representative of IMD, decided that the State of Karnataka needs to ensure releases from its reservoirs, so that the cumulative realization at Biligundulu is 1.00 TMC per day (on an average flow of about 11,500 cusecs).
