

GOVERNMENT OF INDIA  
MINISTRY OF CHEMICALS AND FERTILIZERS  
DEPARTMENT OF FERTILIZERS

**LOK SABHA**

**STARRED QUESTION NO.362\* TO BE ANSWERED ON: 20.12.2024**

**Availability of Fertilizers**

**362\*: DR. BHOLA SINGH:**

Will the Minister of **CHEMICALS AND FERTILIZERS** be pleased to state:

- (a) the details of total quantity of Urea, DAP and other fertilizers made available to the farmers during the last three years, year-wise and State-wise;
- (b) whether the Government has received any complaints from the farmers regarding shortage of DAP/pesticides;
- (c) if so, the number of such complaints received during the last two years and the details of areas most affected due to the same;
- (d) the details of reasons behind the said shortage such as import constraints, declined production or distribution related issues etc.; and
- (e) the details of the steps taken to address the said shortage and make fertilizers and pesticides available to the farmers on time?

**ANSWER**

MINISTER FOR CHEMICALS & FERTILIZERS AND HEALTH & FAMILY WELFARE

**(SHRI JAGAT PRAKASH NADDA)**

---

(a) to (e): A statement is laid on the table of the House.

\*\*\*\*\*

**STATEMENT REFERRED TO LOK SABHA STARRED QUESTION NO. 362\* FOR 20.12.2024 REGARDING "AVAILABILITY OF FERTILIZERS" TABLED BY DR. BHOLA SINGH.**

-----

(a): The details of requirement, availability and sales of Urea, DAP, MOP and NPK in the country, state-wise, during FY 2021-22, 2022-23 and 2023-24, is placed at **Annexure-I**.

(b) & (c): Department of Agriculture & Farmers Welfare (DA&FW) assesses the requirement for major fertilizers viz. UREA, DAP, MOP and NPKS fertilizers, before each cropping season (viz. Kharif & Rabi) through "Zonal Conference for Agricultural Inputs". Based on the assessment done by DA&FW, Department of Fertilizers allocates adequate quantities of fertilizers to States by issuing monthly supply plan. These supplies are met through indigenous production as well as imports. Accordingly, availability of fertilizers to the states is ensured as per the monthly supply plans. However, the distribution of fertilizers within the State at district level is done by respective State Governments. Any complaints regarding district-wise shortage raised by farmers are to be addressed by respective State Governments.

Moreover, no state/UT has reported any shortage of pesticides in the last five years. The details of state-wise demand versus consumption patterns of pesticides over the last five years are provided at **Annexure- II**.

(d) & (e): India is dependent on imports of finished fertilizers such as Urea, DAP, MOP and raw materials like Rock Phosphate, Phosphoric Acid & Natural Gas for domestic production of Urea, DAP, NPK fertilizers. There have been challenges because of the prevalent geo political situation viz. Red Sea crisis due to which DAP and raw material shipments were rerouted via the Cape of Good Hope, resulting in longer voyage times and higher freight costs. Further, decline in DAP imports from certain sources and high volatility in prices also caused disruptions in the supply chain of fertilizers.

Despite the aforesaid challenges, Department of Fertilizers has ensured adequate availability of fertilizers across the country, through imports and domestic production at optimum level, during Kharif 2024 as well as ongoing Rabi 2024-25. The movement of all major subsidized fertilizers throughout the country is monitored by an on-line web based monitoring system called integrated Fertilizer Monitoring System (iFMS). Further, regular Weekly Video Conference is conducted jointly by DA&FW and D/o Fertilizers with State Agriculture Officials and appropriate actions are taken to dispatch fertilizers as indicated by the State Governments. The details of requirement, availability, sales and closing stock of Urea, DAP, MOP and NPK in the country, during Kharif 2024 and Rabi 2024-25, is placed at **Annexure-III**. Moreover, no state/UT has reported any shortage of pesticides in the last five years.
