

**GOVERNMENT OF INDIA  
MINISTRY OF COMMERCE & INDUSTRY  
DEPARTMENT FOR PROMOTION OF INDUSTRY AND INTERNAL TRADE  
LOK SABHA**

**UNSTARRED QUESTION NO. 1302.  
TO BE ANSWERED ON TUESDAY, THE 03<sup>RD</sup> DECEMBER, 2024.**

**PRODUCTION LINKED INCENTIVE (PLI) SCHEMES**

**1302. SHRI RAO RAJENDRA SINGH:**

Will the Minister of **COMMERCE AND INDUSTRY** be pleased to state:

**वाणिज्य एवं उद्योग मंत्री**

- (a) whether the Government has any data on the number of Production Linked Incentive (PLI) Schemes initiated and their magnitude during the last five years, if so, the details thereof, department-wise;
- (b) whether the Government has assessed the number of jobs to be generated by each such scheme and if so, the details thereof, State-wise;
- (c) whether the Government intends to initiate more such PLI schemes in the country, if so, the details thereof and action plan thereto; and
- (d) whether the Government has any data on the impact of such schemes in boosting the manufacturing sector in the country and if so, the details thereof?

**ANSWER**

**वाणिज्य एवं उद्योग मंत्रालय में राज्य मंत्री (श्री जितिन प्रसाद)**

**THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE & INDUSTRY  
(SHRI JITIN PRASADA)**

**(a) to (d):** Keeping in view India's vision of becoming 'Atmanirbhar', Production Linked Incentive (PLI) Schemes for 14 key sectors have been announced with an outlay of Rs. 1.97 lakh crore (over US\$26 billion) to enhance India's Manufacturing capabilities and Exports.

The 14 sectors are: (i) Mobile Manufacturing and Specified Electronic Components, (ii) Critical Key Starting Materials/Drug Intermediaries & Active Pharmaceutical Ingredients, (iii) Manufacturing of Medical Devices (iv) Automobiles and Auto Components, (v) Pharmaceuticals Drugs, (vi) Specialty Steel, (vii) Telecom & Networking Products, (viii) Electronic/ Technology Products, (ix) White Goods (ACs and LEDs), (x) Food Products, (xi) Textile Products: MMF segment and technical textiles, (xii) High efficiency solar PV modules, (xiii) Advanced Chemistry Cell (ACC) Battery, and (xiv) Drones and Drone Components.

The purpose of the PLI Schemes is to attract investments in key sectors and cutting-edge technology; ensure efficiency and bring economies of size and scale in the manufacturing sector and make Indian companies and manufacturers globally competitive. These schemes have the potential of significantly boosting production, employment and economic growth over the next five years or so.

PLI Schemes for all 14 Sectors have been notified by the concerned Ministries/ Departments after due approval. These Schemes are in various stages of implementation by the implementing Ministries/ Departments.

As of now, no such proposal for addition of new sectors under PLI scheme is under consideration.

Approved products under PLI Schemes have been strategically selected to align with national goals, increase production capacity, enhance global competitiveness and promote exports in critical sectors such as electronics, renewable energy, pharmaceuticals, textiles etc., ensuring their alignment with the objectives of Make in India and Atmanirbhar Bharat.

Actual investment of Rs. 1.46 lakh crore have been realized till August 2024 across 14 sectors, which has resulted in incremental production/sales of over Rs. 12.50 lakh crore and employment generation of over 9.5 lakhs. PLI Schemes have witnessed exports surpassing Rs. 4 lakh crore with significant contributions from sectors such as electronics, pharmaceuticals, and food processing. For example, export of mobile phones has increased more than two-fold since the inception of PLI Scheme and capacity has been created for production of critical bulk drugs in India such as bio-pharmaceuticals, complex generics, orphan drugs, anti-cancer drugs etc.
