- (c) whether the target has been achieved in the scheme in Saharanpur Smart City selected from Uttar Pradesh; and**
- (d) if not, the reasons for delay?**

ANSWER

**THE MINISTER OF STATE IN THE
MINISTRY OF HOUSING AND URBAN AFFAIRS
(SHRI TOKHAN SAHU)**

- (a) Under the Smart Cities Mission (SCM), the Central Government has a total outlay of ₹48,000 crore for the 100 cities. As on 15.11.2024, a total fund amounting to ₹88,177 crore (Central Government share of ₹47,225 crore and State/ Union Territories matching share of ₹40,952 crore) has been released to States/UTs under SCM, out of which ₹82,351 crore (Central Government share of ₹44,626 crore and State/ Union Territories share of ₹37,725 crore) has been utilized. Year-wise details of utilization of State/UT share is not maintained at Central level. The city-wise details of funds released and utilized by Central Government as well State/UT Government is given at Annexure.**

- (b) At present, there is no proposal under consideration of the Central Government to extend the existing SCM by including additional cities.
- (c) & (d) As on 15.11.2024, out of total 117 projects amounting to ₹1,278 crore, Saharanpur smart city has completed 96 projects amounting to ₹880 crore.

It is pertinent to mention here that 'Land' and 'Colonization' are State subjects. Further, as per the 12th Schedule of Indian Constitution (Article 243W), Urban Planning including Town Planning is the responsibility of Urban Local Bodies (ULBs)/ Urban Development Authorities. However, Government of India views high urbanization as an opportunity towards aspirations of faster economic development. Government of India supplements the efforts of the States through schematic interventions/ advisories, whereas the implementation of projects is done by the respective cities.

As apprised by Saharanpur smart city, the delay in completion of remaining projects can be largely attributed to varying reasons including, *inter-alia*, legal issues, delay in obtaining clearances from different departments, land acquisition, challenges in vendor and resource availability.
