

GOVERNMENT OF INDIA
MINISTRY OF CHEMICALS AND FERTILIZERS
DEPARTMENT OF CHEMICALS AND PETROCHEMICALS

LOK SABHA
UNSTARRED QUESTION NO. 4242
ANSWERED ON 20.12.2024

HARMFUL GAS AND CHEMICAL LEAKS

4242 SHRI AJAY KUMAR MANDAL:

Will the MINISTER OF CHEMICALS AND FERTILIZERS be pleased to state:

- (a) the number of incidents regarding leakage of harmful gas and chemicals reported in last 10 years in the country, State-wise;
- (b) the number of people affected including fatalities in these tragedies;
- (c) the types of assistance given by the Government to the victims and the penal action taken by the Government on the individuals/groups responsible for these leaks; and
- (d) the steps being taken by the Government to check occurrence of such incidents in the future?

ANSWER

THE MINISTER OF STATE IN THE MINISTRY OF CHEMICALS AND FERTILIZERS
(SMT. ANUPRIYA PATEL)

- (a) & (b): Based on the information received from the State Governments/UTs, the details of the number of incidents of leakage of harmful gas and chemicals reported in last 10 years along with number of persons affected including fatalities are given at Annex-I.
- (c): Central Government has notified Public Liability Insurance Act, 1992 which mandates industrial units handling hazardous substance to take out an insurance policy covering legal liability to pay compensation for injury / death to third party or damage to property affected by

accidents while handling such hazardous substance and for the matters connected therewith or incidental thereto. In case no insurance policy is taken by the required industrial units, the Central Government has also established an Environmental Relief Fund (ERF) in 2008 to provide immediate relief to the affected persons.

Government has enacted the Factories Act, 1948, for ensuring the occupational safety, health and welfare of the workers employed in the factories registered under the Act. The Factories Act, 1948 and the rules framed thereunder are enforced by States / Union Territories through their Chief Inspector of Factories (CIF) / Director of Industrial Safety & Health (DISH). The Occupier and Managers of the factories registered under the Factories Act, 1948 are required to comply with the provisions of the Factories Act, 1948 and rules framed thereunder. In case of violations of any of the provisions thereof, the CIF / DISH of the State Governments are empowered to initiate penal action against the occupier and manager of the factories. Separate data regarding details of such prosecution and conviction with respect to the incident involving leakage of harmful gas and chemicals is not maintained. However the details of prosecutions under Section 92 and 96-A of the Factories Act, 1948 in respect of all cases involving violation of factories act, 1948 for the years 2013 to 2022 are placed at Annex-II.

(d): Government has taken the following actions to check the occurrence of such incidences in the future: -

- i. There are elaborate provisions in the Factories Act, 1948 and the rules framed thereunder pertaining to health, safety, welfare, hazardous processes, working hours, penalties and procedures etc.
- ii. National Disaster Management Authority (NDMA) had issued National Disaster Management Guidelines on Chemical Disasters (Industrial) in April, 2007. The Guidelines inter- alia contains the roles and responsibilities of different stakeholders to deal with such situations.
- iii. NDMA had also released National Disaster Management Plan (NDMP) in May, 2016 (updated in 2019) to assist stakeholders including State Governments in disaster risk management of various hazards including chemical (Industrial). The Plan provides a framework and direction to government agencies for all phases of disaster management i.e. prevention, mitigation, response and recovery.

- iv. Further, the Ministry of Environment, Forest & Climate Change (MoEF&CC) has also notified Manufacture, Storage and Import of Hazardous Chemical Rules, 1989 (MSIHC Rules, 1989) and Chemical Accident (Emergency Planning, Preparedness and Response) Rules, 1996 under the provisions of Environment (Protection) Act, 1986. The rules were notified with the objective of preventing chemical accidents from industrial activities, mitigate associated impacts and provide statutory backup to crisis management set up with four-tier system at Central, State, District and Local level. The State Chief Inspector of Factories (CIFs) (appointed under the Factories Act, 1948) are the nodal agencies to enforce directions and procedures in respect of industrial installations and isolated storages covered under the Factories Act, 1948 dealing with hazardous chemicals and pipelines including inter-state pipelines. Similarly, Petroleum and Explosives Safety Organization (PESO) has been mandated to approve the sites of industrial installation and isolated Storages.
- v. The Department of Chemicals and Petrochemicals has launched the training programme on “Chemical and Petrochemical Industrial Safety”. These training programmes are intended to enhance awareness and mitigating risk on chemical safety and security for all the Major Accident Hazard (MAH) Units identified across the country.
- vi. The MoEF&CC and Central Pollution Control Board (CPCB) have developed an ‘Integrated Guidance Framework for Chemicals Safety in respect of Isolated Storage(s) and Industries covered under MSIHC Rules, 1989’ in compliance to the directions of Hon’ble National Green Tribunal. The framework was circulated to the Chief Secretaries/ UT Administrators of all States/ UTs in January-2022. The Integrated Guidance Framework prescribes for regular inspections of industrial and chemical sites, ensuring preparation of the on-site emergency plans, undertaking safety audits, and sharing information among other stakeholders agencies, in case of observed non-compliance.
