- (e) the names of the cities identified under Smart City Mission (SCM) in Tamil Nadu; and**
- (f) whether the work of smart city project in the said identified cities is likely to be completed on time; and if so, the details thereof and if not, the reasons therefor?**

ANSWER

**THE MINISTER OF STATE IN THE
MINISTRY OF HOUSING AND URBAN AFFAIRS
(SHRI TOKHAN SAHU)**

- (a) & (b) As on 15.11.2024, under the Smart Cities Mission (SCM), work orders have been issued in 8,066 projects amounting to ₹1,64,669 crore, of which 7,352 projects (i.e. 91% of total projects) amounting to ₹1,47,366 crore have been completed, as per the data provided by 100 Smart Cities. Thirteen (13) cities have completed all of their projects undertaken in the Smart Cities Mission, followed by forty-eight (48) cities with more than 90% completed projects and another twenty-three (23) cities with more than 75% completed projects. State/UT-wise details of status of Smart Cities Projects is given at Annexure.**

It is pertinent to mention here that ‘Land’ and ‘Colonization’ are State subjects. Further, as per the 12th Schedule of Indian Constitution (Article 243W), Urban Planning including Town Planning is the responsibility of Urban Local Bodies (ULBs)/ Urban Development Authorities. However, Government of India views high urbanization as an opportunity towards aspirations of faster economic development. Government of India supplements the efforts of the States through schematic interventions/ advisories, whereas the implementation of projects is done by the respective cities.

As apprised by the Smart Cities, the delay in completion of some projects can be attributed to varying reasons including, inter alia, legal issues, delay in obtaining clearances from different departments, land acquisition, construction in hilly areas, challenges in vendor and resource availability in small & medium cities.

- (c) Under SCM, the Central Government has a total outlay of ₹48,000 crore for the 100 cities. As on 15.11.2024, the Central Government has released ₹47,225 crore (i.e. 98% of the total Central share allocation) to States/Union Territories under SCM, out of which ₹44,626 crore (i.e. 94% of the total Central share released) have been utilized. A total of ₹24,231 crore have been released as central assistance under SCM during the last three financial years and current year.**
- (d) The SCM Guidelines state that in the imagination of any city dweller in India, the picture of a Smart City contains a wish list of infrastructure and services that describes his or her level of aspiration. To provide for the aspirations and needs of the citizens, urban planners ideally aim at developing the entire urban eco-system, which is represented by the four pillars of comprehensive development — institutional, physical, social and economic infrastructure. This can be a long term goal and cities can work towards developing such comprehensive infrastructure incrementally, adding on layers of ‘smartness’.**
- (e) Eleven (11) cities have been selected under SCM in Tamil Nadu, namely, Chennai, Coimbatore, Erode, Madurai, Salem, Thanjavur, Thoothukudi, Tiruchirappalli, Tirunelveli, Tiruppur, and Vellore. All 11 cities in the State of Tamil Nadu have received the full fund support as Central assistance under SCM.**
- (f) As on date, 91% of the total projects have been completed. All cities are working towards the completion of projects by 31st March, 2025.**
