A total of 1675199 workers have been trained during the last 03 years (FY-2022 to FY-2025) across the country by the Board, out of which 57151 workers have been covered under SSTTP Programmes. The year wise and state-wise details are enclosed at Annexure.

(b): The total budget allocated to the different components of the DTNBWED scheme for the last five years is as under:

(c): No, there is no such mechanism for tracking people after the training process.

(d): To amplify the reach of the training programme, DTNBWED has developed a synergized working platform wherein various working groups in the field of workers welfare collaborate to work together. As a pilot project, such joint effort-based workers' programmes have been conducted at Delhi, Bangalore and Mumbai, resulting in an expanded outreach. Encouraged by these results, the Board is chalking out a plan to carry out similar joint efforts in other States/UTs as well.
