ANSWER

MINISTER OF STATE FOR ELECTRONICS AND INFORMATION TECHNOLOGY
(SHRI JITIN PRASADA)

(a) and (b): Based on the proposals received from respective State Government(s), Software Technology Parks of India (STPI), an autonomous society under Ministry of Electronics and Information Technology (MeitY) has set-up 67 STPI centres across the country. State/UT-wise list of STPI Centres are at **Annexure-I**.

Apart from setting up of STPI centre as above, Ministry of Electronics and Information Technology (MeitY) notified Electronics Manufacturing Clusters (EMC) Scheme in October, 2012 to provide support for the creation of world-class infrastructure along with common facilities and amenities for attracting investments in the electronics sector. The Scheme was closed for receipt of application from October, 2017. Under the Scheme, nineteen (19) Greenfield Electronics Manufacturing Clusters (EMCs) and three (3) Common Facility Centres (CFCs) accorded approval in fifteen (15) states across the country.

Based on further requirement for strengthening of infrastructure to create robust electronics manufacturing ecosystem in the country, MeitY introduced Modified Electronics Manufacturing Clusters (EMC 2.0) Scheme on 1st April, 2020. As of now, under the Scheme, 9 EMC projects and 1 CFC project have been approved in 7 states across the country. The details of the applications approved under EMC and EMC 2.0 Scheme including the state of Telangana are placed at **Annexure-II & III** respectively.

(c): Currently, STPI has two (2) Centers in Telangana at Hyderabad and Warangal. Further, there are three (3) Electronics Manufacturing Clusters (EMCs) and one (1) Common Facility Center (CFC) in Telangana as detailed in Annexure-II & III.
