(f) if so, the details thereof and if not, the reasons therefor?

ANSWER

MINISTER OF STATE IN THE MINISTRY OF EDUCATION (SHRI JAYANT CHAUDHARY)

(a) to (c) The National Education Policy (NEP), 2020, *inter-alia*, at para 4.13, provides that the threelanguage formula will continue to be implemented while keeping in mind the Constitutional provisions, aspirations of the people, regions, and the Union, and the need to promote multilingualism as well as promote national unity. However, there will be a greater flexibility in the three-language formula, and no language will be imposed on any State. The three languages learned by children will be the choices of States, regions, and of course the students themselves, so long as at least two of the three languages are native to India. In particular, students who wish to change one or more of the three languages they are studying may do so in Grade 6 or 7, as long as they are able to demonstrate basic proficiency in three languages (including one language of India at the literature level) by the end of secondary school.

As a follow-up of NEP 2020, the National Curriculum Framework for School Education has been developed and it provides roadmap for implementation perspectives of NEP 2020 on Languages Education in India. The State-wise data on number and percentage of schools offering 1, 2 & 3 languages alongwith student enrolment is **annexed**.

(d) to (f) Kendriya Vidyalayas are "specified category" schools as defined in Right to Education (RTE) Act and have been established with a mandate to have a uniform scheme of education. Therefore, the sanctioned posts of language teachers are that of Hindi, English and Sanskrit. However, there is an enabling provision for teaching of other languages for the willing students between classes VI to VIII vide Art 112 of the Education Code for Kendriya Vidyalaya. As per this provision, a teacher can be engaged on part time contractual basis if 15 or more students opt for it.

The teachers engaged in Kendriya Vidyalayas on part time contractual basis for teaching of Tamil as opted by the students is 24. Additionally, learning of Tamil language in 21 KVs is being undertaken through Tamil Virtual Academy (TVA), an autonomous organization under Tamil Nadu State for the students interested in learning of the language. There are 86 Hindi and 65 Sanskrit faculty working in the state of Tamil Nadu at present.

Annexure referred to in reply to parts (a) to (c) of the Lok Sabha Unstarred Question No. 3785 Answered on 24.03.2025 asked by Smt. Kanimozhi Karunanidhi, Hon'ble MP regarding 'Three Languages Formula in Schools'.
