STARRED QUESTION NO. *1 TO BE ANSWERED ON 21.07.2025 REGARDING
“MINI STADIUM PROJECTS IN ODISHA” ASKED BY SHRI PRADEEP
PUROHIT, HON’BLE MEMBER OF LOK SABHA.**

(a) to (e) ‘Sports’ being a State subject, the responsibility of development of sports, including construction of mini stadiums, rests primarily with the respective State/Union Territory Governments. The Union Government only supplements their efforts by bridging critical gaps. The details of mini stadiums across the country, which are under the jurisdiction of respective State/Union Territory Governments, are not maintained in this Ministry. Further, the Khelo India Scheme and National Sports Development Fund (NSDF), implemented by this Ministry, under which financial assistance for development of sports infrastructure, including mini stadiums, is provided, are demand-driven schemes. The proposals received from the State/UT Governments and other eligible entities are considered for financial support, subject to their completeness, technical feasibility and availability of funds under the Scheme. The details of the sports infrastructure projects approved and their sanctioned cost, funds released and their physical and financial progress, under Khelo India Scheme and NSDF, across the country, including in the State of Odisha, are available in public domain on the dashboards of the Ministry at <https://mdsd.kheloindia.gov.in> and <http://www.nsdf.yas.gov.in/nsdf-glance.html>. The details of sports infrastructure projects supported in the State of Odisha during last ten years under various schemes of this Ministry are placed at Annexure – I.

As per the existing guidelines of the Khelo India Scheme, the timeline of completion of infrastructure projects sanctioned under the Scheme is two years from the date of its sanction. The responsibility of executing the projects, including overcoming land acquisition or administrative hurdles, rests with the grantee.

This Ministry continuously reviews the progress of the sanctioned projects by way of regular review meetings with grantees, visit of project monitoring committee to the site of the projects to assess actual physical progress and getting Utilization Certificates (UCs) of the released funds to ensure timely completion of the projects.
