PER CAPITA INCOME IN THE COUNTRY

†154. Shri Giridhari Yadav:
Shri Dinesh Chandra Yadav:

Will the Minister of FINANCE be pleased to state:

- (a) whether it is true that per capita income in the country for the current financial year has been accessed at Rupees 1,14,710/-;
- (b) if so, the details of State-wise per capita income in the country;
- (c) whether ten years ago the per capita income in the country was Rupees 68,572/-;
- (d) whether the increase in per capita income is similar in all the States;
- (e) if so, the details thereof; and
- (f) if not, the reasons therefor?

ANSWER

MINISTER OF STATE IN THE MINISTRY OF FINANCE
(SHRI PANKAJ CHAUDHARY)

(a) and (c): As per the provisional estimates of GDP released by National Statistical Office, Ministry of Statistics and Programme Implementation (MoSPI), the per capita net national income (NNI) at constant prices for 2024-25 stands at ₹1,14,710. The per capita NNI at constant prices for ten years ago, that is 2014-15, was ₹72,805.

(b), (d) and (e): The per capita net state domestic product (NSDP) at constant prices published by MoSPI for States and UTs is placed at Annexure-I. As per the data, the increase in per capita income varies across States and UTs.

(f): The differences in the increase in per capita income across States may be attributed to a range of factors such as varying levels of economic development, sectoral composition, structural disparities, and differences in governance mechanisms, among others. The Government has been committed to the objective of inclusive growth, as reflected in its commitment to Sabka Saath, Sabka Vikas, and has initiated several targeted schemes aimed at reducing poverty and inequality, ensuring social security, promoting income generation and livelihood opportunities, and improving the quality of life of vulnerable sections across the country.
