ANSWER

**MINISTER OF RAILWAYS, INFORMATION & BROADCASTING AND
ELECTRONICS & INFORMATION TECHNOLOGY
(SHRI ASHWINI VAISHNAW)**

(a) to (e): The need and extent of providing medical facilities at railway stations and in trains was examined by Hon'ble Supreme Court. In compliance of the orders, a committee of experts was constituted at All

India Institute of Medical Sciences (AIIMS), New Delhi. As recommended by Committee of experts, instructions have been issued to provide a Medical Box containing life saving medicines, equipments, oxygen cylinder etc. at all Railway stations and passenger carrying trains.

Front line staff i.e. Train Ticket Examiner, Train Guards/Superintendents, Station Master etc. are trained in rendering First Aid. Regular refresher courses are conducted for such staff. List of near-by hospitals and doctors along with their contact numbers is available at all Railway Stations.

Ambulance services of Railways, State Government/Private Hospitals and ambulance service providers are utilized to transport the injured/sick passengers to the hospitals/doctor's clinics.
