ANSWER

**MINISTER OF STATE IN THE MINISTRY OF RURAL DEVELOPMENT
(DR. CHANDRA SEKHAR PEMMASANI)**

(a) to (c): In order to achieve the target of “Housing for All” in rural areas, the Ministry of Rural Development is implementing Pradhan MantriAwaasYojana- Gramin (PMAY-G) with effect from 1st April 2016 to provide assistance to eligible rural households with an overall target to construct 4.95 crorepucca houses with basic amenities by 2029. The Union Cabinet approved the implementation of the Pradhan MantriAwaasYojana–Gramin (PMAY-G) for construction of 2 crore additional rural houses during FY 2024-25 to 2028-29. As on 31.07.2025, out of the cumulative target of 4.95 crore houses, 4.12 crore houses have been allotted to the States/UTs out of which 3.84 crore houses have been sanctioned and more than 2.81 crore houses have been completed.

Out of cumulative target of 4.95 crore houses, 37.77 lakh houses have allotted to the North-Eastern States, out of which 36.59 lakh houses have been sanctioned and 27.32 lakh houses have been completed by the NE States. During the FY 2024-25, the target of 5,59,951 were allocated to Assam, out of 533105 houses have been sanctioned and 77594 houses have been completed by the State.

After allocating the targets to Assam, all identified eligible households from the SECC and Awaas+ 2018 lists have been saturated in North Eastern States.

In addition, the Government of India has provided approval for updating the Awaas + list for identifying additional eligible rural households using modified exclusion criteria under the scheme. In line with the approval of the Government of India, Awaas+ 2024 survey is being conducted through Awaas + 2024 Mobile App using eKYC face based authentication for identification of additional eligible rural households under PMAY-G. Additional eligible households from the Awaas+ 2024 survey shall be identified post completion of survey and verification of data by the states.
