

GOVERNMENT OF INDIA
MINISTRY OF ELECTRONICS AND INFORMATION TECHNOLOGY
LOK SABHA
UNSTARRED QUESTION NO. 2797
TO BE ANSWERED ON: 06.08.2025

TARGET OF LOCAL ELECTRONIC MANUFACTURING

2797. SHRI RAMASAHAYAM RAGHURAM REDDY:

Will the Minister of ELECTRONICS AND INFORMATION TECHNOLOGY be pleased to state:

- (a) whether India is on track to achieve the target of local electronic manufacturing of \$250-\$300 billion by 2026;
- (b) if so, the details and projections thereof, year-wise; and
- (c) if not, the details of challenges being faced in achieving this target?

ANSWER

MINISTER OF STATE FOR ELECTRONICS AND INFORMATION TECHNOLOGY
(SHRI JITIN PRASADA)

(a) to (c): Electronics manufacturing in India has expanded significantly in the last 11 years, driven by Make in India and Atmanirbhar Bharat program. The Government is actively strengthening the domestic electronics ecosystem to boost self-reliance and global competitiveness.

Value addition by electronics manufacturing units in India has also increased considerably in recent years. It can be seen from the following statistics:

#	2014-15	2024-25	Remarks
Production of electronics goods (Rs.)	1.9 Lakh Cr	11.3 Lakh Cr	Increased 6 times
Export of electronics goods	0.38 Lakh Cr	3.3 Lakh Cr	Increased 8 times
Mobile manufacturing units	2 units	300 units	Increased 150 times
Production of mobile phones (Rs.)	0.18 Lakh Cr	5.5 Lakh Cr	Increased 28 times

Export of mobile phones (Rs.)	0.01 Lakh Cr	2 Lakh Cr	Increased 127 times
Mobile phones imported (% of total units)	75% of the demand	0.02% of the demand	

The Government is also conscious of the requirement of high capital, scale of production, higher gestation period, latest technologies and skillsets for scaling up domestic manufacturing. Various strategic initiatives undertaken to address these are as follows:

- Production linked incentives (PLI) for large scale electronics manufacturing
- Production linked incentives (PLI) for IT hardware
- Scheme for Promotion of Manufacturing of Electronic Components and Semiconductors (SPECS)
- Electronics Manufacturing Clusters (EMC and EMC 2.0) Scheme
- Public Procurement (Preference to Make in India) Order 2017 to prioritize domestically manufactured products in public procurement
- Reforms in taxation including rationalization of tariff structure, exemption on basic custom duty on capital goods, etc.
- Allowing 100% FDI in electronics manufacturing, subject to applicable laws / regulations
