## GOVERNMENT OF INDIA MINISTRY OF COMMUNICATIONS DEPARTMENT OF TELECOMMUNICATIONS

## LOK SABHA UNSTARRED QUESTION NO. 2866 ANSWERED ON 6<sup>TH</sup> AUGUST, 2025

### FRAUD RISK INDICATOR

2866. SHRI PRAVEEN PATEL:

**SMT. KAMALJEET SEHRAWAT:** 

SMT. SHOBHANABEN MAHENDRASINH BARAIYA:

Will the Minister of COMMUNICATION be pleased to state:

- (a) the details of the classification method adopted for identifying risk under the Fraud Risk Indicator (FRI);
- (b) the details and number of Unified Payment Interface (UPI) platforms that have started integrating FRI alerts into their systems;
- (c) the details and the number of financial fraud cases prevented so far as a result of integration of FRI with UPI platforms; and
- (d) the details and the amount of budget allocation made by the Government for development of the Digital Intelligence Platform and FRI?

#### **ANSWER**

# MINISTER OF STATE FOR COMMUNICATIONS AND RURAL DEVELOPMENT (DR. PEMMASANI CHANDRA SEKHAR)

(a) to (c) Department of Telecommunications (DoT) has developed Financial Fraud Risk Indicator (FRI) which is a risk-based metric that classifies a mobile number to have been associated with Medium, High, or Very High risk of financial fraud. FRI empowers stakeholders-especially banks, Non-Banking Financial Companies (NBFCs) and Unified Payment Interface (UPI) service providers to prioritize enforcement and take additional customer protection measures in case a mobile number has high risk. FRI is available through Digital Intelligence Platform (DIP) to the stakeholders.

RBI has issued separate advisories to banks & Payment Service Operators (PSO) for integration of FRI with their respective systems and adopt necessary real-time response protocols (like alerts, transaction delays, warnings, transaction decline etc.). Based on the Action Taken Reports (ATRs) submitted on DIP, 34 banks, financial institutions and UPI service providers have frozen 10.02 lakh bank accounts/ payment wallets and placed debit/ credit restrictions on 3.05 lakh bank accounts/ payment wallets.

(d) Digital Intelligence Unit (DIU) project of DoT has various constituents for curbing misuse of telecom resources for cybercrime and financial frauds. DIU project of DoT is having total outlay of Rs 228.16 crore for a period of 5 years. DIP and FRI are developed under DIU project.
