

GOVERNMENT OF INDIA  
MINISTRY OF JAL SHAKTI  
DEPARTMENT OF DRINKING WATER AND SANITATION

**LOK SABHA**  
**UNSTARRED QUESTION NO.3046**  
ANSWERED ON 07.08.2025

**SWACHH BHARAT MISSION IN MADHYA PRADESH**

3046. SHRI VISHNU DATT SHARMA:

Will the Minister of **JAL SHAKTI** be pleased to state:

- (a) whether the Government has achieved commendable progress in the construction of toilets under the Swachh Bharat Mission (SBM) especially in the State of Madhya Pradesh and if so, the details thereof;
- (b) whether the Government has assessed the insufficient sewage treatment infrastructural capacity and lack of faecal sludge management technology in the districts of Katni, Panna and the town of Khajuraho in the Khajuraho Lok Sabha Constituency;
- (c) if so, the details thereof and if not, the reasons therefor; and
- (d) the measures being taken or proposed to be taken to address the issue of faecal sludge management and improve sewage treatment infrastructure in these areas?

**ANSWER**

MINISTER OF STATE FOR JAL SHAKTI  
(SHRI V. SOMANNA)

- (a) 11.91 crore Individual Household Latrines (IHHLs) have been constructed in the country under Swachh Bharat Mission (Grameen) [SBM-G] from 2.10.2019 to 04.08.2025 as per Integrated Management Information System (IMIS) of SBM(G). Of these, 77.64 lakh IHHLs have been constructed in Madhya Pradesh under SBM(G).
- (b) to (d) As per information received from Government of Madhya Pradesh, State have assessed the situation of Faecal Sludge in rural areas and have made district Faecal Sludge Management (FSM) Plan by mapping villages with urban infrastructure wherever feasible and planned new Rural Faecal Sludge Treatment Plants (FSTPs) as per requirement in Katni and Panna districts. Construction of 1 FSTP in Katni and Panna each is planned to fulfill the requirement of FSM in the villages.

As per information received from Ministry of Housing and Urban Affairs, Atal Mission for Rejuvenation and Urban Transformation (AMRUT), launched in the year 2015 in 500 selected cities across the country, was focused on the development of basic urban infrastructure in the sectors of water supply, sewerage and septage management, etc. AMRUT 2.0 launched in the year 2021 in all Urban Local Bodies (ULBs)/Cities of the country, focusses on making the cities 'self-reliant' & 'water secure'. Providing universal coverage of sewerage & septage management in 500 AMRUT cities is one of the major focus areas under AMRUT 2.0. States/UTs are empowered to select, appraise, prioritise and implement the projects within the broad framework of Mission guidelines.

A total of 02 sewerage and septage management projects (24.5 MLD capacity) worth Rs.121.57 crore have been taken up in Khajuraho Lok Sabha Constituency in Madhya Pradesh under AMRUT. Under AMRUT 2.0, so far, the State has taken up 02 sewerage and septage management projects (39.59 MLD capacity) worth Rs.220 crore in Khajuraho Lok Sabha Constituency.
