CLOSURE OF GOVERNMENT SCHOOLS

3606. Shri K Radhakrishnan:

Shri Amra Ram:

Will the Minister of EDUCATION be pleased to state:

- (a) the number of Government schools that have been closed across the country during the last five years, year-wise and State/UT-wise;
- (b) the reasons for such closure, including lack of enrollment, infrastructure issues or administrative reasons;
- (c) whether the decision for closing the school is contrary to the aim of Sarva Shiksha Abhiyan to educate all;
- (d) whether the Government has conducted any assessment of the impact of closure of schools on access to education, particularly in rural, tribal and backward areas;
- (e) whether any steps has been taken to ensure that the affected students continue their education without disruption; and
- (f) the details of any policy measures or guidelines issued to prevent further closures and to strengthen school education in underserved areas?

ANSWER

MINISTER OF STATE IN THE MINISTRY OF EDUCATION
(SHRI JAYANT CHAUDHARY)

(a): The Department of School Education and Literacy (DoSEL) has developed the Unified District Information System for Education Plus (UDISE+) system to record data on indicators of school education provided by all the States and Union Territories. As per UDISE+, the State/UT-wise number of Government schools of last 5 years are at Annexure.

(b) to (f): Education is in the Concurrent list of the Constitution and the opening, merger/closing of schools are within the purview of respective State Government and UT Administration-which are the appropriate Government under the Right of Children to Free and Compulsory Education (RTE) Act, 2009.

Since 2018-19, this Department is implementing an Integrated Centrally sponsored scheme of Samagra Shiksha - which subsumes the three erstwhile Centrally Sponsored Schemes of Sarva Shiksha Abhiyan (SSA), Rashtriya Madhyamik Shiksha Abhiyan (RMSA) and Teacher Education (TE). Under the Scheme, financial assistance is provided to the States and UTs for opening/strengthening of new schools upto senior secondary level, construction of school buildings & additional classrooms.

Substantial advancements have been made in ensuring universal access across all levels of school education. This is evidenced by the improvement in Gross Access Ratio (GAR) from 2018-19 to 2024-25 as under:

India	(GAR) Primary	(GAR) Upper Primary	(GAR) Secondary	(GAR) Higher Secondary
2018-19	97.15	96.49	88.24	65.05
2024-25	97.83	96.57	95.35	94.97

Para 7.4 of the National Education Policy 2020 underscores that although consolidation of schools is an option that is often discussed, it must be carried out very judiciously, and only when it is ensured that there is no impact on access. Similarly, to ensure universal access to elementary schools, Section 6 of the RTE Act mandates the establishment of schools by the appropriate government within defined area or neighbourhood limits. Therefore, to achieve better learning outcomes and appropriate Pupil-Teacher Ratios (PTR) across upper primary and secondary levels, some states have adopted appropriate strategies to establish the larger schools as per aspirations of the public.

For the habitations that remain uncovered (mostly small or sparsely populated in difficult areas) where opening of school is not feasible, transport facility is provided up to an average cost @ ₹ 6000/ per child per annum up to Class X.

Further, financial assistance is provided to the State/UT Government for opening and running of Netaji Subhash Chandra Bose Awasiya Vidyalayas in remote, sparsely populated and difficult to reach areas, hilly terrains, areas affected by LWE, large uninhabited areas with natural barriers. Financial assistance is also provided under PM-JANMAN component of Samagra Shiksha to the States and UTs for the unserved identified Particularly Vulnerable Tribal Groups and under Dharti Aaba Janjatiya Gram Utkarsh Abhiyan (DAJGUA) component of Samagra Shiksha, for the unserved ST population.
