ANSWER

THE MINISTER OF STATE FOR PANCHAYATI RAJ

(PROF. S.P. SINGH BAGHEL)

(a) to (d) : The philosophy of Corporate Social Responsibility (CSR) is to engage corporates as partners in the socio-economic development of the country by leveraging their managerial efficiency, best practices, technology and innovation in the delivery of public good and services. The legal framework for Corporate Social Responsibility has been provided under Section 135 of the Companies Act, 2013 ('Act'), Schedule VII of the Act and Companies (CSR Policy) Rules, 2014.

CSR is a Board driven process and the Board of the company is empowered to plan, decide, execute and monitor CSR activities of the company based on the recommendation of its CSR Committee. The Board has to ensure that the approved amount has been spent on the assigned activity(ies). In case any amount remains unspent then such amount shall be transferred in the designated fund(s) in Schedule VII in the prescribed time limit. Under CSR framework, companies need to balance local area preferences with national priorities. The Government does not issue any directions to the companies to spend in a particular area or activity.

The CSR framework is disclosure based and companies are required to file details of CSR activities annually in the MCA21 registry. All data related to CSR filed by companies in

MCA21 registry, including Company-wise, State-wise, District-wise, Development Sector-wise and projects implemented by company, is available in public domain at www.csr.gov.in.

There is no provision of sanction/allocation of CSR fund under CSR legal framework. However, on the basis of the filings made by the companies in the MCA21 registry, the state-wise details of CSR expenditure in India and the district-wise details of CSR expenditure in Maharashtra for last three financial years (FYs) i.e. 2021-22 to 2023-24 are at **Annexure I & II** respectively.
