

GOVERNMENT OF INDIA  
MINISTRY OF ELECTRONICS AND INFORMATION TECHNOLOGY  
**LOK SABHA**  
**UNSTARRED QUESTION NO. 480**  
TO BE ANSWERED ON: 23.07.2025

**NATIONAL CYBER SECURITY COORDINATION CENTRE**

**480. SHRI ESWARASAMY K:**

Will the Minister of ELECTRONICS AND INFORMATION TECHNOLOGY be pleased to state:

- (a) the details of projects being implemented by National Cyber Security Coordination Centre (NCCC) under various phases;
- (b) the amount earmarked and released for NCCC during the last two years;
- (c) the number of cybercrime awareness workshops organized for police officers, judicial officers and other personnel; and
- (d) whether there is effective coordination among various stakeholders in handling cyber crimes and cyber security of the country and if so, the details thereof?

**ANSWER**

MINISTER OF STATE FOR ELECTRONICS AND INFORMATION TECHNOLOGY  
(SHRI JITIN PRASADA)

(a) to (d): National Cyber Coordination Centre (NCCC) is being implemented by the Indian Computer Emergency Response Team (CERT-In).

CERT-In works with other agencies involved in ensuring cybersecurity, including Telecom Security Operations Centre (TSOC), Indian Cyber Crime Coordination Centre (I4C), National Centre Information Infrastructure Protection Centre (NCIIPC), etc.

NCCC examines the cyberspace to detect cyber security threats. It shares the information with concerned organizations, state governments and stakeholder agencies for taking action.

NCCC along with other agencies was able to successfully prevent cyber-attacks during the G20 summit and other major events. The capacity of NCCC is being developed in phases with necessary budgetary allocation to suitably address the cybersecurity challenges before the country.

Regular training workshops are conducted for cybersecurity professionals, government employees, police and law enforcement professionals, lawyers and public prosecutors, students, etc.
