(a) whether the Government of Telangana has requested the Union Government to approve projects and financially assist and create State-of-the art infrastructure, nurturing a skilled workforce and offering attractive incentives to attract global semiconductor mission and also requested for inclusion of Projects from Advanced systems in Package technologies and crystal matrix, which are currently under evaluation by India Semiconductor Mission;
(b) whether the Government has been requested to include Telangana as a prospective State under India Semiconductor Mission; and
(c) if so, the details thereof and the action taken by the Union Government thereon till date along with the details of funds sanctioned and spent therefor?

ANSWER

MINISTER OF STATE FOR ELECTRONICS AND INFORMATION TECHNOLOGY
(SHRI JITIN PRASADA)

(a) to (c): Government of India launched Semicon India program for the development of a sustainable semiconductor and display ecosystem.

Semicon India programme is a pan India programme and the applicants are free to choose locations for their projects. Their applications are solely evaluated on technical and financial aspects by a committee comprising of domain experts.

Government has undertaken various initiatives to support electronics and semiconductor ecosystem across the country including in Telangana.

Under the Design Linked Incentive (DLI) scheme, three (3) companies in the State of Telangana are being supported. Design infrastructure support has also been extended to eleven (11) companies in Telangana. Moreover, under Chips to start-up programme(C2S), 22 institutes from Telangana are being supported with design tools, and 6 institutes are being provided financial support. The details of beneficiaries in the State of Telangana are Annexed.
