Per-Capita Income

1246. Smt. Mala Roy:

Will the Minister of FINANCE be pleased to state:

- (a) the details of the annual per capita income change in the country during the last five years, year-wise;
- (b) the details of the global per capita income change during the last five years; and
- (c) the target set by the Government for increasing per capita income over the next five years?

ANSWER

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE
(SHRI PANKAJ CHAUDHARY)

(a): The details of the change in annual per capita net national income of the country (at current prices) from 2020-21 to 2024-25 are as under:

	2020-21	2021-22	2022-23	2023-24	2024-25
Per capita net national income (in ₹, at current prices)	127244	150906	169145	188892	205324
Change over the previous year (per cent, at current prices)	-3.9	18.6	12.1	11.7	8.7

Source: Ministry of Statistics and Programme Implementation.

(b): Data on per capita gross national income in constant 2021 international dollars at purchasing power parity) is available in the World Development Indicators database published by the World Bank. Accordingly, the details are as under:

Year	2020	2021	2022	2023	2024
Annual change in world per capita gross national income (in constant 2021 international dollars at purchasing power parity)	-5.3	5.9	2.7	2.5	1.8

(c): The Government has not published any targets for per capita income for the next five years. However, in pursuit of the vision of Viksit Bharat, several key focus areas have been identified to support broad-based improvements in income levels. These include enhancing agricultural growth and productivity, strengthening rural prosperity and resilience, fostering inclusive growth, boosting manufacturing, supporting MSMEs, enabling employment-led development, investing in people, the economy and innovation, securing reliable energy supplies, promoting exports, and nurturing a culture of innovation.
