(e) the steps taken/being taken by the Government to create awareness among farmers regarding the availability of insurance coverage for such types of crop losses under PMFBY; and

(f) the time by which the said modalities will be implemented/come into effect?

ANSWER

THE MINISTER OF STATE FOR AGRICULTURE AND FARMERS WELFARE

कृषि एवं किसान कल्याण राज्य मंत्री (SHRI RAMNATH THAKUR)

(a) to (f) : The Pradhan Mantri Fasal Bima Yojana (PMFBY) is voluntary for the States as well as farmers. The scheme provides for comprehensive risk insurance against crop damage due to non-preventable natural risks from pre-sowing to post-harvest for the crops/areas notified by the concerned State Government. The losses to crops due to wild animals, being preventable in nature, were therefore not covered earlier. However, at the request of Ministry of Environment, Forest and Climate Change and State Governments, States have been allowed to notify the losses by wild animals on individual assessment as add on cover at the cost of State Government. Detailed protocol for such coverage has been given in the Operational Guidelines of the scheme.

Inundation as a risk cover is available to all notified crops under (PMFBY). However, for hydrophilic crops like paddy, jute, mesta, sugarcane, such cover is available except in case of localized claims.

Further, a Committee constituted for “Defining Modalities of Crop Loss by Wild Animal Attack and Inundation for Paddy Crop Under Localised Risk” has submitted its report alongwith recommendations and SOPs for coverage of these risks.
