[SHRI HARSH MALHOTRA]

(a) & (b): The CSR framework is disclosure based and CSR mandated companies are required to file details of CSR activities annually in the MCA21 registry. All data related to CSR filed by companies in MCA21 registry is available in public domain and can be accessed at www.csr.gov.in. On the basis of annual filings made by companies in the MCA21 registry, the CSR expenditure incurred by Coal India Limited (CIL) and Central Coalfields Limited (CCL) in districts of Jharkhand including Hazaribagh for the last two Financial Years (FYs) i.e. FY 2022-23 and FY 2023-24 is attached at Annexure-I & II respectively. Further, Development Sector-wise CSR expenditure incurred by Coal India Limited (CIL) and Central Coalfields Limited (CCL) in the State of Jharkhand during the last two Financial Years (FYs) i.e. FY 2022-23 and FY 2023-24 is attached at Annexure-III & IV respectively.

(c): The philosophy of Corporate Social Responsibility (CSR) is to engage corporates as partners in the socio-economic development of the country by leveraging their managerial efficiency, best practices, technology and innovation in the delivery of public good and services.

The existing legal provisions formation of CSR committee, formulation of CSR policy, Annual Action Plan on CSR, identification of the project and area in which project will be implemented, certification of CSR expenditure by Chief Financial Officer (CFO) and audit of CSR expenditure by statutory auditors etc. provide adequate mechanisms to ensure transparency and accountability. The Board has to ensure that the approved amount has been spent on the assigned activity(ies).
