

GOVERNMENT OF INDIA
MINISTRY OF WOMEN AND CHILD DEVELOPMENT

LOK SABHA
UNSTARRED QUESTION NO. 2250
TO BE ANSWERED ON 12.12.2025

NUTRITION TRACKER App.

2250. SHRI SANATAN PANDEY:

Will the Minister of Women and Child Development be pleased to state:

- (a) whether Nutrition Tracker App is being used for improving quality in Anganwadi Centres (AWCs), if so, the improvement observed in monitoring the nutrition status of children; and
- (b) whether real-time data is being made available to the States through the same, if so, the details thereof and if not, the reasons therefor?

ANSWER

MINISTER OF STATE IN THE MINISTRY OF WOMEN AND CHILD DEVELOPMENT
(SHRIMATI SAVITRI THAKUR)

(a): The 'Poshan Tracker' application was rolled out on 1st March 2021 as an important governance tool. The Poshan Tracker facilitates monitoring and tracking of all AWCs, AWWs and beneficiaries on defined indicators. Technology under Poshan Tracker is being leveraged for dynamic identification of stunting, wasting, under-weight prevalence among children. It has facilitated near real time data collection for Anganwadi Services such as, opening of AWCs, daily attendance of children, ECCE activities, Growth Monitoring of children, delivery of Hot Cooked Meal (HCM)/Take Home Ration (THR-not raw ration) etc. The analysis from Poshan Tracker data shows improvement in malnutrition indicators (as shown in the table below) in children on stunting, wasting and underweight.

Indicators	November 2022	November 2023	November 2024	November 2025
Stunted Children (%)	40.49	38.47	39.27	32.92
Wasted Children (%)	8.52	6.10	5.33	4.81
Underweight Children (%)	19.42	16.56	17.20	14.03

The details are also available at: <https://www.poshantracker.in/statistics>

(b): The data of Poshan Tracker is available to all States/UTs through their respective login credentials provided at various levels.
