**(SHRI ASHWINI VAISHNAW)**

**(a) to (f) Ministry of Railways has launched Amrit Bharat Station Scheme for redevelopment of stations with a long-term approach.**

**The scheme involves preparation of master plans and their implementation in phases to improve the stations. The master planning includes:**

- Improvement of access to station and circulating areas**
- Integration of station with both sides of city**
- Improvement of station building**
- Improvement of waiting halls, toilets, sitting arrangement, water booths**
- Provision of wider foot over bridge/air concourse commensurate with passenger traffic**
- Provision of lift/escalators/ramp**
- Improvement /Provision of platform surface and cover over platforms**

- **Provision of kiosks for local products through schemes like ‘One Station One Product’**
- **Parking areas, Multimodal integration**
- **Amenities for Divyangjans**
- **Better passenger information systems**
- **Provision of executive lounges, nominated spaces for business meetings, landscaping, etc. keeping in view the necessity at each station.**

**The scheme also envisages sustainable and environment friendly solutions, provision of ballastless tracks etc. as per necessity, phasing and feasibility and creation of city centre at the station in the long term.**

**Development / redevelopment / upgradation / modernisation of stations on Indian Railways is a continuous and ongoing process and works in this regard are undertaken as per requirement, subject to inter-se priority and availability of funds. The priority for development / redevelopment / upgradation / modernisation of stations is accorded to higher category of station over lower category of station while sanctioning and executing the works.**

**Further, development / upgradation / modernization of stations including Amrit Bharat Station Scheme is generally funded under Plan Head-53 'Customer Amenities'. The details of allocation and expenditure under Plan Head-53 are maintained Zonal Railway-wise and not work-wise or station-wise or state-wise. The state of Maharashtra is covered under the jurisdiction of four railway zones, namely, Central Railway, South Central Railway, South East Central Railway and Western Railway. For the last three years and the current year, ₹ 11,190 crore has been allocated while an expenditure of ₹ 9,198 crore has been incurred during the last three years and current year (up to October, 2025).**

**Suggestions/ Representations, both formal and informal for Railway projects/ works across the country are received on the basis of demands raised by State Governments, Members of Parliament, Ministries of Central Government, elected representatives, Railways' own requirements, organizations/ rail users etc., at various levels including Railway Board, Zonal Railways, Division Office etc. Receipt of such proposals / requests/ suggestions/ representations is a continuous and dynamic process and these are examined and action as found feasible**

**and justified is taken from time to time and centralized compendium for the same is not maintained.**

**Development / Upgradation of railway stations is complex in nature involving safety of passengers & trains and requires various statutory clearances such as fire clearance, heritage, tree cutting, airport clearance etc. The progress also gets affected due to brownfield related challenges such as shifting of utilities (involving water/sewage lines, optical fibre cables, gas pipe lines, power/signal cables, etc.), infringements, operation of trains without hindering passenger movement, speed restrictions due to works carried out in close proximity of tracks and high voltage power lines, etc. and these factors affect the completion time. Therefore, no time frame can be indicated at this stage.**
