ANSWER

THE MINISTER OF ROAD TRANSPORT AND HIGHWAYS

(SHRI NITIN JAIRAM GADKARI)

- (a) to (e) Maintenance of the Gopalganj to Kotwa section of NH-27 has been taken up through Performance Based Maintenance Contract (PBMC) of five years and commenced in July 2024. Scope of the maintenance contract**

includes initial rectification, routine maintenance, periodic maintenance and emergency work in the specified timeline.

Currently, initial rectification has been taken up in some critical sections to keep the road in traffic worthy condition. For improving the riding quality, overlay/renewal is proposed on the entire section in a phased manner within the scope of PBMC Contractor. Further, construction of a Bridge over River Gandak is under implementation causing inconvenience in seamless movement of traffic. All efforts are being made for early completion of the bridge.
