THE MINISTER OF STATE IN THE MINISTRY OF EXTERNAL AFFAIRS

(SHRI KIRTI VARDHAN SINGH)

(a to d) The political and security situation in Bangladesh remains dynamic and evolving. India and Bangladesh share multifaceted, and deep-rooted bilateral ties, underpinned by decades of close engagement, which provides the foundation for continuing bilateral interactions. The Government of India closely monitors all developments in Bangladesh that may have a bearing on India's interests and on broader regional peace and security, and continues to take all necessary measures to safeguard India's national interests.

The Government also maintains a constant vigil along the border and continues to undertake appropriate measures towards ensuring India's safety and security.
