

GOVERNMENT OF INDIA
MINISTRY OF CHEMICALS & FERTILIZERS
DEPARTMENT OF CHEMICALS & PETROCHEMICALS

LOK SABHA
STARRD QUESTION NO. 401
ANSWERED ON 20/03/2026

PLASTIC PARKS

*401. SHRI BHARTRUHARI MAHTAB:

SHRI VIJAY BAGHEL:

Will the Minister of CHEMICALS AND FERTILIZERS be pleased to state:

- (a) the details of Plastic Parks approved and made operational across the country so far indicating the project-cost, approved grant-in-aid and quantum of funds released, State-wise and district-wise;
- (b) whether the Government proposes to set up new Plastic Parks in the country, if so, the details thereof, State and district-wise;
- (c) the administrative, financial and monitoring measures taken to ensure timely completion and operationalization of the said parks in a time bound manner;
- (d) the details of common infrastructure facilities created in the said Parks, including waste management, recycling and effluent waste water treatment systems;
- (e) the steps taken to promote environmentally sustainable growth and compliance with Extended Producer Responsibility (EPR) norms in said Parks; and
- (f) the employment generated and the total quantum of investment attracted through the operational Parks along with the steps taken/proposed to be taken by the Government to increase it?

ANSWER

MINISTER OF CHEMICALS & FERTILIZERS
(SHRI JAGAT PRAKASH NADDA)

(a) to (f): A Statement is laid on the Table of the House.

**STATEMENT REFERRED TO IN REPLY TO PARTS (A) TO (F) IN RESPECT OF
LOK SABHA STARRED QUESTION NO. 401 FOR REPLY ON 20.03.2026
REGARDING PLASTIC PARKS ASKED BY SHRI BHARTRUHARI MAHTAB AND
SHRI VIJAY BAGHEL**

(a) The Department has approved 10 Plastic Parks in the various States, which are currently in various stages of completion. The details of the same are placed at Annexure.

(b) The Department is not considering establishment of more Plastic Parks beyond the present 10 approved parks and is currently focusing on successful completion and operationalization of these 10 parks.

(c) The Department regularly monitors the progress of the projects in coordination with the respective implementing agencies. Periodic review meetings are held to address implementation issues and facilitate the timely completion and operationalisation of the Plastic Parks.

As on date, four Plastic Parks have achieved 100% completion of physical infrastructure (civil works). The implementation of these projects, as well as their operationalisation and allotment of plots to industrial units, is being carried out by the respective State Governments and their implementing agencies.

The Department also promotes these Plastic Parks during various industry events and through regular interactions with the plastics processing industry. In addition, State Governments undertake suitable measures, such as awareness and outreach activities, provision of land at competitive rates, and extension of applicable incentives, to facilitate private sector participation in these Parks.

(d) The common infrastructure facilities created in these Plastic Parks include internal roads, drainage systems, boundary walls with gates, power supply and street lighting, water supply systems, administrative buildings, industrial sheds, warehousing facilities, sewerage systems, and Sewage Treatment Plants (STPs).

(e) Plastic Parks are designed to promote environmentally sustainable growth in the plastics processing sector by providing common infrastructure that facilitates environmentally sound manufacturing practices and resource efficiency.

The Parks incorporate infrastructure such as solid waste management systems, sewerage systems, Sewage Treatment Plants (STPs), and drainage systems to ensure proper waste management and pollution control. Units operating in these Parks are required to comply with applicable environmental regulations and obtain statutory clearances from the concerned authorities.

Further, producers and plastic processing units operating in the Parks are required to comply with the provisions relating to Extended Producer Responsibility (EPR) as notified by the Government.

(f) The details of employment generated and the total quantum of investment is as under:

S.No.	Name of Plastic Park	Private Investment attracted (in Rs. crore)	Employment Generated
1	Tamot Plastic Park	68.75	274
2	Jagatsinghpur Plastic Park	91.28	295
3	Tinsukia Plastic Park	212.00	982
4	Tiruvallur Plastic Park	Stayed by the Hon'ble NGT, Chennai	
5	Deoghar Plastic Park		-
6	Bilaua Plastic Park	2.54	-
7	Sitarganj Plastic Park	-	-
8	Raipur Plastic Park	-	-
9	Ganjimutt Plastic Park	-	-
10	Gorakhpur Plastic Park	89	295

The Government is making all efforts to increase the allotment and operationalization of allotted plots. The operationalization of these plots leads to generation of employment.
