(b) Sanitation is a State subject. SBM(G) being a Centrally Sponsored Scheme, is implemented by the State and UT Governments within their areas. Since SBM(G) is a demand driven scheme, funds are allocated to the States and UTs in a consolidated manner at the beginning of each financial year based on the projected demands by the States/UTs as submitted in their Annual Implementation Plan (AIP) and budget available at Centre during the financial year. Subsequently, funds are released to the States/UTs for overall implementation of the SBM(G) programme, based on their eligibility as per extant guidelines of Department of Expenditure and the scheme guidelines. Component-wise funds are not released to the States & UTs under SBM(G). Also, further distribution of funds to the districts is done by the respective State/UT at their level as per their needs-based assessment & planning.
