**ANSWER**

THE MINISTER OF STATE FOR JAL SHAKTI  
(SHRI V. SOMANNA)

(a) to (b) As per practice, a prompt, substantive reply is sent whenever a VIP reference is received. Departments often have strict guidelines, ensuring accountability and courtesy to public representatives as per government manuals. Government of India in partnership with States is implementing Jal Jeevan Mission (JJM) – Har Ghar Jal to make provision of potable water to every rural household of the country, through functional tap water connection i.e. at a service level of 55 litre per capita per day (lpcd), of prescribed quality (BIS:10500), on regular and long-term basis.

Under JJM the central govt. supplements the efforts of State govt., financially & technically, to ensure the availability of safe drinking water supply to rural population. Drinking Water being a State subject, the responsibility of Planning, Designing, Approval, Implementation, Operation & Maintenance of drinking water supply schemes, including those under the Jal Jeevan Mission, is vested with State/UT Governments. As such, the subject of drinking water supply falls under the State subjects to be managed by PRIs as per 73rd Amendment of the Constitution.

Further, since the start of the mission the State govt. could only draw about 50% of the allocated Central share under JJM which was ensured to the State during Financial Year 2019-20 to

2023-24 (Mission Period) resulting into paucity of fund. The approval of the mission for the extended period is under active consideration. The details of Central fund allocated and fund drawn by the State of West Bengal under JJM, is as under:

(Amount in Rs. Crore)
